Subject: Another issue with Brooke Utility

Re: Request for information from Brooke Utility

Dear Commissioners and Chairman Gleason,

During my research on the K2 well, I twice requested water use data reports from Brooke Utility and never heard a word from them. Please see below where I copied the fax into this email. Their annual report was not online at the time.

Best regards,

Dina Galassini

Hi Misty,
I must apologize as I had the incorrect wells in my last fax to you. I mistook Brooke Utility, LLC for Brooke Utility, Inc.

Consider this is a Public Information Request since no one seems to be able to find the actual form.

I need the Water Use Data Reports by month (states number of customers, Gallons Sold, and Gallons Pumped) for 2006 and January through May 2007 for all the wells in Strawberry that Brooke's is pumping water from.

If you can email me the info, please do so at dinarose@cox.net.

10/29/2007

If you need to fax it, please fax it to 480-837-6757 at your earliest convenience.

I am somewhat disappointed I have not heard anything from you regarding my request. I will wait until Thursday for this information and if I have not received it I will notify the ACC.

Sincerely,
[Dina Galassini]
