Customer opposes the application by company for an increase in rates. He feels it is unfair for them to request a 100 % increase when they have a pipeline to Windmill Farms. He understands the mandate for an Arsenic Recovery Program but feels an increase of this amount needs to have a close review by Commission.

Utilities' Response:

Investigator's Comments and Disposition:

Advised customer his comments would be made a matter of public record after having been filed with Docket Control and would be taken into consideration before a decision is made.
