RATES AND CHARGES BASED THEREON
FOR UTILITY SERVICE BY ITS MOHAVE
WATER AND WASTEWATER DISTRICTS

DOCKET NO. WS-01303A-06-0014
DECISION NO. 69440

ARIZONA-AMERICAN WATER COMPANY

NOTICE OF FILING REVISED TARIFFS

The Arizona-American Water Company ("Arizona-American") and Staff recently discovered some minor, non-substantive discrepancies between Mohave Water and Mohave Wastewater Districts' revised tariffs filed by Arizona-American on May 22, 2007, and the schedules of rates and charges approved in Decision No. 69440 ("Decision"). Arizona-American hereby files the attached Mohave Water and Mohave Wastewater Districts' revised tariffs containing the schedules of rates and charges approved in the Decision.

RESPECTFULLY SUBMITTED on June 11, 2008.

Paul M. Li

TERMS AND CONDITIONS

Service discontinued for delinquency of bills will be restored only after all due bills are paid in full, re-deposit made, if required, and a service charge of \$25.00 paid for each service re-established during regular working hours. A \$40.00 service charge will be made for each service re-establishment during the Company's non-regular working hours.

Water service under this Schedule is for the exclusive use of the Customer and water shall not be resold or provided to others.

All rates in this Schedule shall be subject to their proportionate part of any taxes or other governmental imposts which are assessed directly or indirectly on the basis of revenues derived from service under this Schedule, or on the basis of the service provided or the volume of water produced, purchased or sold.

Private Fire Protection FP-1 (continued)

Special Conditions (continued)

3. The maximum diameter of the service connection will not be more than the diameter of the main to which the service is connected. The maximum diameter of a fire hydrant connection will not be more than the diameter of the main to which the fire hydrant is connected.
4. The customer's installation must be such as to separate effectively the fire sprinkler system from that of the customer's regular water service. As a part of the sprinkler service installation, there shall be a detector check or other similar device acceptable to the Company that will indicate the use of water. Any unauthorized use will be charged for at the regular established rate for general metered service, and may be grounds for the Company's discontinuing the fire sprinkler service without liability to the Company.
5. There shall be no cross-connection between the fire sprinkler system supplied by water through the Company's fire sprinkler service to any other source of supply without the specific approval of the Company. This specific approval will require, at the customer's expense, a special double check valve installation or other device acceptable to the Company. Any such unauthorized cross-connection may be grounds for immediately discontinuing the sprinkler system service without liability to the Company.
6. The Company will supply only such water at such pressure as may be available from time to time as the result of its normal operations of the system. The Company shall not be liable to any party at any time under any circumstances for any damages resulting from high or low water pressure, failure of water supply or malfunction, failure or inadequacy of equipment, regardless of the cause of any such pressure, malfunction, failure or inadequacy.

Foothills System Tariff FST-1

Facility Construction Advance

All new development (herein defined to be two (2) or more new residential dwelling units and all new commercial units) shall be subject to a refundable advance in aid of construction per residential dwelling unit or equivalent thereof as follows:

Foothills System \$350.00

For purposes of calculating equivalent residential dwelling units:

- a) An equivalent residential dwelling unit equals the use of 202 gallons per day.
- b) Each washing machine in a commercial laundromat shall be equivalent to two (2) residential dwelling units for purposes of calculating facility construction advances.
- c) Each designated parking space in a recreational vehicle park shall be equivalent to forty-three percent (43%) equivalent residential dwelling units for purposes of calculating facility construction advances.
- d) Each motel room, excepting efficiency type units, which are equivalent to one residential unit, shall be equivalent to thirty-nine percent (39%) equivalent residential units for purposes of calculating facility construction advance.
- e) All commercial and industrial facilities will be determined by the required water usage divided by 202.

Terms and Conditions

Subject to the terms and conditions of the Foothills System Tariff and the applicable rules, regulations and conditions of the Mohave Water District of Arizona-American Water Company and the Arizona Corporation Commission.
