DOCKETED BY 

Re: *Broadview Networks, Inc.*
Docket Number T-20565A-07-0651
Affidavit of Publication

Ladies and Gentlemen:

On behalf of Broadview Networks, Inc. ("Broadview" or "Applicant"), transmitted herewith are an original plus thirteen (13) copies of Applicant's response to Staff's Letter of Insufficiency and First Set of Data Requests dated February 1, 2008.

MD-1 Please indicate why you believe that your range of rates for resold long distance telecommunications services is just and reasonable using a competitive market analysis. Your analysis should contain publicly available examples of tariff rates and charges charged by the incumbent and other carriers for similar services. Include supporting material and any other information that you believe demonstrates that your actual or proposed tariff rates and charges are just and reasonable.

Use a matrix format to list Broadview's proposed services, rates and/or charges. Based on Broadview's tariff, list all of the resold long distance telecommunications services Broadview will provide in Arizona. For each of the resold long distance telecommunications services listed, list the rate and/or charge of each service and reference each service, rate and/or charge to Broadview's tariff. Provide Broadview's tariff pages that support each of Broadview's services, rates and/or charges.

Use a matrix format to capture Broadview's list of resold long distance telecommunications services that will be provided in Arizona, show each competitor's tariff rates and/or charges for the same or comparable services and reference each service, rate and/or charge to each competitor's tariff. Provide tariff pages for each competitor that support each competitor's services, rates and/or charges offering the same or similar telecommunications services in Arizona.

At a minimum, show a complete set of tariff information of Qwest, Cox Telecom and two other competitors in Arizona. For a list of telecommunications carriers certificated in Arizona, go to www.cc.state.az.us/utility/utility. For a list of telecommunications carriers' tariff rates and charges, go to www.cc.state.az.us/utility/tariffs. (NOTE: Refer to Attachment A for the prescribed format to report your telecommunications products and services, rates and charges, referencing of supporting tariff sections and sheets or page numbers versus those of each competing carrier. Make sure all supporting tariff sheets or pages are attached. The rates and changes shown in Attachment A for facilities-based local exchange services are fictitious.)

The material you provide should enable staff to determine whether the proposed tariff rates and/or charges of the Applicant are identical or just and reasonable.

The rates and charges of Broadview Networks, Inc., are just and reasonable because they are priced at a level to compete with and compare favorably to the retail offerings of dozens of in-state long distance providers. Please see Attachment A hereto.

The requested tariff pages are set forth at Attachment B hereto. Please note that since the initial filing of Broadview's application in Docket No. T-20565A-07-0651 on November 16, 2007, the Company has modified its proposed business model in a number of states with an eye toward creating a more homogeneous long distance service offering throughout its operating area. Toward that end, pages 19 through 23 of Broadview's tariff (which form a part of Attachment B hereto) have been revised to more accurately reflect the Company's proposed service offering in Arizona following certification and in other states. Broadview respectfully requests that pages 19 through 23 be incorporated into Applicant's proposed tariff as originally submitted in this docket. Broadview respectfully submits that, inasmuch as Commission Staff is still in the process of reviewing Broadview's proposed tariff, no party would be harmed by substitution of pages 19 through 23 of the tariff as reflected in Attachment B hereto.

As the Commission is aware, long distance services are highly competitive in Arizona. This fact is evidenced by the sheer number of competitive long distance providers operating in the State of Arizona. Approval of Broadview's application will serve the public interest by creating greater competition in the telecommunications marketplace, thus providing consumers with additional choices for long distance services. Furthermore, Broadview's entry into the Arizona market will add diversity of supply, innovative service offerings, competitive pricing and a small business alternative for those consumers who favor dealing with a company large enough to serve their needs for conventional services while providing prompt and courteous service. Accordingly, Broadview submits that its proposed service offerings will provide Arizona consumers with high quality, telephonic

Docket Control Center

July 3, 2008

Page Three

communications at reasonable rates and, therefore, its entry into the marketplace in Arizona is in the public interest and its proposed tariff should be approved.

An additional copy of this filing is enclosed herewith, to be date-stamped and returned in the postage-prepaid envelope provided.

Should there be any questions regarding this matter, kindly contact the undersigned.

Respectfully submitted,

A handwritten signature in cursive script that reads "Catherine M. Hannan".

Catherine M. Hannan
Regulatory Counsel

TELECOMMUNICATIONS SERVICES TARIFF

SECTION 4 - RATES (Cont'd)

4.5 Discount Calling Plan. Customers may obtain discounted service by purchasing a fixed amount of minutes for a fixed monthly service charge with additional usage charged at a specified per minute rate based on the jurisdictional nature of the call. International calls are not included in the fixed monthly minimum. International calls are billed according to Company's International Tariff on file with the FCC.

4.5.1 IntraLATA Call Rates. For presubscribed outbound interstate intraLATA calling service, the rates 24 hours a day, seven days a week are:

1 st 1,000 Minutes <u>Or Fraction</u>	Each Add'l Minute or Fraction over <u>1,000 Minutes</u>
\$24.95	\$0.139

4.5.2 InterLATA Call Rates. For presubscribed outbound interstate interLATA calling service, the rates 24 hours a day, seven days a week are:

1 st 1,000 Minutes <u>Or Fraction</u>	Each Add'l Minute or Fraction over <u>1,000 Minutes</u>
\$24.95	\$0.069

4.5.3 A nonrecurring charge also applies:

Account Set-Up Fee: \$6.00/account (BTN)

All intrastate (also referred to as in-state) and interstate intraLATA and interLATA calls are included in determining Customer's fixed minutes of use (1,000 minutes) for any given month. International calls are not included. The charges for minutes of use in excess of the fixed monthly minimum is charged pursuant to whether the call is an intraLATA (often referred to as local long distance) or an interLATA call (a call placed between LATAs (local access and transport areas) located in the same state). If a Customer is located in a single-LATA state (for example, New Mexico), all in-state calls which exceed the 1,000 minutes in a given month will be rated at the rates set forth in 4.5.1, above.

INTERLATA SERVICE

3. SERVICE OFFERINGS

3.1.1 1+ Dialing

Intrastate toll service is furnished for telephone communication between telephones in different local calling areas within the State of Arizona in accordance with the regulations and schedules of charges specified in this tariff.

3.1.2. Timing of Messages

- (a) Unless otherwise indicated, all residential calls are timed in one-minute increments, rounded to the next whole minute. Business calls are timed in six-second increments and rounded up to the next whole increment.
- (b) For station to station calls, call timing begins when a connection is established between the calling and called stations.
- (c) For person to person calls, call timing begins when connection is established between the calling person and the particular person, station, or mobile unit specified, or an agreed upon alternate.
- (d) Call timing ends when the called station "hangs up," thereby releasing the network connection. If the called station hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network, or by the Company operator.

3.1.3. Rates - Direct Dial

Residential
\$.10/minute

Business*
\$.01/6 second increment

*Term and volume discount may apply in situations where the Company is responding to a competitive bid, or when offered on an ICB basis by another telephone company. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis.
