Subject: Gold Canyon

Dear Kristin,

I purchased a second home in Gold Canyon (Superstition Foothills) in September 2007. I absolutely love Arizona and look forward to moving there permanently one day.

I am writing to you today as I have now received my second monthly bill for "sewage" services provided by Gold Canyon Sewer Corp (An Algonquin Utility Co). My first bill was for \$87.74 and the last one \$60.67. Frankly I thought the first bill was a quarterly bill--now I am in shock to discover that I will be spending approximately \$750 a year for sewage services to a monopoly. Can this be correct?

I understand this issue is being reviewed but are there any developments?

Thanks,

Stephen J Marconi
