To Whom It May Concern:
My family is against the proposed rate hike as for the following reason:

1. Why should we pay the pockets of executives and managers, when it has already been acknowledged the state of Arizona is in a recognized recession.
2. Why is it the consumer is always hit when the system is worst and against you?
3. We, who are on a fixed income can't ask for a raise in pay when we want, we have to take the deck that is dealt.

Sincerely,

Elton N. Buller
