Subject: Meetings promised in June or July 2007 and not
Fulfilled, Telephone calls not returned, help from
Our elected officials

Dear ACC members:

This is a request to each of you to hold an open hearing regarding our sewer rates here in San Manuel., We were promised this meeting in May for June or July, and it have not to date been set. I realize the summer took us out of our regular routine; however I do not feel this is an excuse to keep us hanging and waiting for you to act on your word.

I know that we are just a small unincorporated community; however, we pay taxes and vote the same as any other community in Arizona. I know that you all have plenty of time to spend in the Northern Arizona area, where a lot of your votes come from; however, we are still Arizona residents and you are our representatives. We need your help!

Thank you, in advance, for your response. We look forward to hearing and planning a meeting with you. I know that a meeting may not be possible until January, but it is needed and necessary.

Sincerely,

Dena Mathews for the San Manuel Concerned Citizens Committee
908 W 3rd Ave
