Dear Sir, my name is John Strong, and my reason for writing you is to voice some concern about the ongoing delays to get approval for Rhodes Homes to Build Pravada. I believe to satisfy some members of the Acc, he sold Perkins Mountain Water and Sewer to a reputable company. Now it seems like Kristen Mayes is not satisfied with that arrangement and is making more waves to drag this thing out. How many more hoops does he need to jump through. I am a reservation holder at Pravada and have waiting patiently for the Acc to do what it has to to implement smart progress. However it seems to me that perhaps Kristen may not be satisfied until someone other than Rhodes Homes builds in Golden Valley. If the Acc has no intention of granting Jim Rhodes the approval that he needs to bring a beautiful master planned community to golden valley. Then so be it, I will withdraw my deposit and move on. But I ask you to please make an expeditious effort to finalize this so that it doesn't keep me and thousands of others in limbo. Thank you for your time. John Strong.
