Dear Chairman Gleason:

I just read the recent update on the progress with the ACC and the water servicing company for Pravada.

With all due respect, I truly believe it is time that Ms. Mayes excuse herself from the Board. It is more evident now that she has a personal vendetta against Rhodes and will never allow the approval to be given even if it's to the detriment of the residents in that region.

Does she give the same difficulties for projects surrounding the Phoenix area? cause I certainly have not seen it.

The question has to be asked, will she only be satisfied if Rhodes sells the project to a particular person she has in mind?

Please, approve the transfer of the Perkins Water Company or have Ms. Mayes step down as she is highly questionable herself.

Sincerely,

Al Soto
