**RE: Time Warner Telecom of Arizona LLC
 Tariff Revision for Arizona C.C. Tariff No. 1**

DOCKETED BY
 KK MM

Dear Sir/Madam:

T-03943A-07-0205

Please find the original and thirteen (13) copies of revised tariff pages submitted on behalf of Time Warner Telecom of Arizona LLC. This filing incorporates and cancels Arizona Tariff No. 1 and Tariff No. 2 of Xspedius Management Co. Switched Services, LLC d/b/a Xspedius Communications as a result of the merger of Time Warner Telecom of Arizona LLC and Xspedius Management Co., Decision No. 70057, Docket No.'s T-03943A-07-0205; T-04112A-07-0205; T-04113A-07-0205; dated December 4, 2007.

The revision also updates Time Warner Telecom's credit allowance for service interruptions, foreign exchange service, blocking service; promotion offering language, and deletes the 911 Service which did not have any customers. The Company respectfully requests these tariff revisions to become effective February 24, 2008. The following tariff pages are included with this filing:

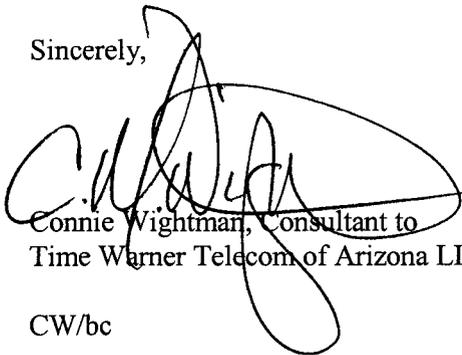

- | | |
|--|--|
| 2 nd Revised Sheet 1 | Cancels Xspedius Management Co. Switched Services, LLC d/b/a Xspedius Communications Arizona Tariff No. 1 and Tariff No. 2 in their entirety |
| 45 th Revised Sheet 2 | Updates Check Sheet |

3.6.1 Description

A. General (T)

Foreign Exchange Service allows a Customer to receive local exchange service from a rate center different from the Customer's physical location.

B. Limitations (T)

Except as specified below, Foreign Exchange Service is furnished in conjunction with local exchange service such as PRIs or Trunks, pursuant to the applicable local tariff. Foreign Exchange Service may only be provisioned where the Company offers local exchange switched services and as facility and switch conditions permit.

The dial plan (local calling) is associated with this "foreign" rate center. The Company does not guarantee call completion to any Foreign Exchange telephone number from exchanges other than the exchange with which the telephone number is associated, even though end users in the other exchanges may have local calling plans that include calls to end users physically located in the exchange with which the Foreign Exchange telephone number is associated. (T)

The Customer may be required to change its virtual telephone number(s) if the Company adds equipment or network components, such as a Central Office, in its serving area and transfers NXX codes into the new equipment. (T)

SECTION 3 - BUSINESS NETWORK SWITCHED SERVICE *continued*3.6 Foreign Exchange Services *continued*

3.6.2 Application of Rates (T)

A. Rate Elements

The Company's Foreign Exchange Services are offered under the configurations described below. Under all options, the Local Access Service component is priced pursuant to the applicable rate schedule. The rate elements that are applicable to Foreign Exchange service are:

- Local Access Service - the current tariffed or listed rate under which the Customer purchases local service in the home exchange.
- Foreign Exchange (FX) Premium Charge - to extend the Customer's Local Access Service beyond the Customer's home local exchange
- Interoffice Transport - the charges that apply when service is provisioned on Company-provided interoffice facilities.
- Individual Telephone Numbers - the charge for assigning multiple telephone numbers in the Foreign Exchange.

B. Rate Changes

In the event that regulatory conditions and/or interconnection agreements affecting the Company's provision of Foreign Exchange Service change after the date of the Agreement, the Company reserves the right in its discretion, upon thirty (30) days' notice to the Customer, to discontinue provisioning or increase the price of any Foreign Exchange Service subject to this rate schedule. In the event that the Customer does not accept the Company's rate increase, the Customer may discontinue the affected Foreign Exchange Service without penalty upon thirty (30) days notice to the Company. (T)

D. One Reach - one way (VirtualReach) or two way (LocalReach)

One Reach Products are provisioned over IP based switching and transport. LocalReach is a two way service whereas VirtualReach is an inbound only service. One Reach products include up to five (5) foreign exchange rate centers within the LATA for no additional charge. If available, the Customer may add rate centers. If usage exceeds a DS1 equivalent (300k MOU per month) the Customer must purchase additional One Reach products. The Company reserves the right to restrict the number of One Reach products purchased, Customer-requested routing specifications and the size/composition of trunk groups and their related rate centers.

Local Access Service	See Section 3.5 for Voice T1	
Individual Telephone Numbers	See Section 6.12	
	<u>Maximum Rates and Charges</u>	
	<u>Monthly Recurring Charge</u>	<u>Nonrecurring Charge</u>
FX Premium Charge, LocalReach per DS1 Equivalent	\$600.00	\$100.00
FX Premium Charge, VirtualReach, per DS1 Equivalent	\$500.00	\$100.00
Interoffice Transport, LocalReach per DS1 Equivalent	\$150.00	\$100.00
Interoffice Transport, VirtualReach, per DS1 Equivalent	\$500.00	\$100.00
Individual Telephone Numbers Per Number	\$1.00	\$5.00
Additional Rate Center, each	\$100.00	\$100.00

6.2 Blocking Service (T)

6.2.1 Description

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary/information services. The following blocking options are available to Customers.

- A. Information Service Call Blocking: Calls placed to area code 900 and or 700 will be blocked.
- B. IntraLATA information Service Call Blocking: Calls placed to any intraLATA NXX designated as a blockable code (e.g. 971, 974, 976) will be blocked.
- C. Toll Restriction (1+ and 0+ Blocking) - provides the Customer with a method of denying access to some or all of the toll network and operator services. Toll Restriction will not block the following types of calls: 911 (Emergency) and 1 + 800 (Toll Free) calls. (T)

(N)

11.6 Audio Conference Calling

11.6.1 Description of Service

Audio Conference Calling service is an audio service that allows Customers to establish conference calls with individuals located at different sites. Customers may select among the following audioconferencing services when making a conference reservation:

800 Attended- Using the 800 Attended option, each participant to the conference enters into the conference meeting using their pre-assigned conference telephone number. 800 Attended provides a "live" conference operator who will enter each participant into the conference meeting.

800 Unattended- The 800 Unattended option is designed for experienced conference users who do not require a "live" conference operator to greet and enter participants into audioconferencing meetings. Under this option, each participant will dial into their scheduled Unattended call, receive an electronic voice greeting and prompt to enter their pass code into the telephone keypad to enter their conference meeting.

Dial Out- The Dial Out option is available for meetings that require a conference operator to "dial out" to meeting participants at a scheduled meeting time. The Dial Out participant list is either verbally given when the conference reservation is made or the Customer may fax the list of conference participants.

Local Meet Me Attended- Under the Local Meet Me Attended option, the participant, using a local DID number, dials into the conference meeting using a pre-assigned conference telephone number. Personal 800 numbers also can be used for those who schedule Local Meet Me Attended conferences. The participant will be greeted by a conference operator and each will be asked for the conference password. Additional security information can be requested by the operator such as the participant's name, or their employee number for high security conference meetings.

Local Unattended- Under the Local Unattended option, the participant, using a local DID number, dials into the conference meeting using a pre-assigned conference telephone number. Local Unattended is designed for Customers who are comfortable with audio conference meetings and do not require a "live" conference operator to greet and enter them into the conference call. Each participant will dial into their scheduled Unattended call, receive an electronic voice and prompt to enter the passcode into the telephone keypad to enter their conference meeting.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.10 Toll Free Service

(T)

11.10.1 Description of Service

Toll Free Service is a inbound 800/888 switched voice product that provides XSPEDIUS customers with the capability to receive toll free calls from anywhere within the Continental U.S. including Alaska, Hawaii, Puerto Rico and the U.S. Virgin Islands. Features of this Toll Free Service include Area Code Blocking, 800/888 Number Portability, Toll-Free Directory assistance Listing.

Xspedius offers inbound Toll Free Access to its Customers. Rates for these services vary by specific service offering; and/or time of day, day of week, type of access, mileage, volume, term of commitment. In addition, the Company offers Toll Free directory assistance listing and other miscellaneous features to Customers of its services.

Services are provided for the origination of Toll Free telecommunications within the mainland United States, Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands. Originating availability varies by service type and the Company reserves the right to limit its service origination to specific geographic areas.

All services are available 24 hours a day, seven days a week.

All rates are expressed in U.S. Dollars.

11.10.2 Service Availability

All Xspedius inbound Toll Free services are available to Customers in any area of the U.S. mainland served by an equal access central office. Calls can be placed from any location in the U.S. mainland, Alaska, Hawaii, Puerto Rico, and the U.S. Virgin Islands.

11.10.3 Billing Increments

Charges are based on intervals of a minimum of 6 seconds and 6 second increments thereof. Rounding to the next highest increment requires the application of Minimum Billed Call increments.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.11 Presubscribed Interexchange Carrier Charge (PICC)

(N)

The Telephone Company will recover the Presubscribed Interexchange Carrier Charge (PICC) through a flat-rated, monthly charge assessed per each local exchange service line or trunk. For end users (including resellers of Telephone Company-provided local exchange service) who have chosen a presubscribed interexchange carrier, the Telephone Company shall assess the PICC from the chosen intrastate interexchange carrier. The PICC will be based on a monthly snapshot of end user (or reseller) subscribers' accounts. For end users (including resellers of Telephone Company provided local exchange service) who have not chosen a presubscribed interexchange carrier, the Telephone Company shall collect the PICC directly from the end user (or reseller). The PICC will be applied to these end users' (or resellers') accounts based on the status of the presubscribed interexchange carrier information at the time of the end user's (or reseller's) billing period. No fractional debits or credits will be created.

Per Line, Trunk or Per T-1 Facility Rates

Single Line	\$0.00
Multiline Business	\$0.32

SECTION 11 – GRANDFATHERED SERVICES. (CONT'D.)

11.13 Exchange Access Service

(N)

11.13.1 General

Exchange Access Service provides a Customer with a telephonic connection to, and a unique telephone number address on the public switched telecommunications network. Each Exchange Access Service enables users to:

- A. receive calls from other stations on the public switched telecommunications network;
- B. access other services offered by the Company as set forth in this tariff;
- C. access certain interstate and international calling services provided by the Company;
- D. access (at no additional charge) the Company's operators and business office for service related assistance;
- E. access (at no additional charge) emergency services by dialing 0- or 9-1-1; and
- F. access services provided by other common carriers that purchase the Company's Switched Access services as provided under the Company's Federal and State tariffs, or that maintain other types of traffic exchange arrangements with the Company.

Each Exchange Access Service is available on a "Full" service basis, whereby service is delivered to a demarcation/connection block at the customer's premises.

The following Exchange Access Services are offered:

- Basic Local Exchange
- Basic Exchange Analog Trunk Service
- Basic Exchange Digital Trunk Service
- DID Trunk Service

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.2 Basic Exchange Line Service

Basic Line Service provides a Customer with a single, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Basic Lines are provided for connection of Customer-provided single station sets or facsimile machines to the public switched telecommunications network. Each Basic Line may be configured into a hunt group with other Company-provided Basic Lines. Each Basic Line is provided with Touch Tone as a standard feature, which can be deleted at the Customer's option.

Basic Exchange Line Service is also available with various calling features and options. Additionally, customer wishing to purchase single calling features may order those desired as set forth below.

Basic Exchange Line Service Rates and Charges

(N)

11.13.3 PBX Trunk Service

Basic Exchange Trunk Service provides a Customer with a single, voice-grade, analog telephonic communications channel that can be used to place or receive one call at a time. Basic Exchange Analog Trunks are provided for connection of Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Trunk is provided with touch tone signaling and may be configured into a hunt group with other Company-provided Trunks. (Additional hunting charges will apply.)

PBX (Basic Exchange) Trunk Service Rates and Charges

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.4 Digital PBX Trunk Service

Digital PBX Trunk Service provides a Customer with a digital connection operating at 1.544 Mbps that is time division multiplexed into 24 individual voice-grade telephonic communications channels, each of which can be used to place or receive one call at a time. Digital Trunks are provided for connection of compatible Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Digital Trunk is provided with dual tone multi-frequency (DTMF) or multi-frequency (MF) signaling, as specified by the Customer. Digital Trunks may be configured into hunt groups with other Company-provided Digital Trunks. The terminal interface for each Digital Trunk Service is a DSX-1 panel.

Basic Trunks may be equipped with Direct Inward Dial (DID) capability and DID number blocks for additional charges, as set forth in Section 4.8. The price shown below is based on the number of channels activated on the digital transport facility and upon the distance of the transport facility. The price shown below is based on the number of channels ordered and includes the price of transport, voice feature activation, Network Access Register charges and similar charges tariffed separately in other tariffs.

Digital PBX (Basic Exchange) Trunk Service^{††} Rates and Charges

<u>Digital PBX Trunk Pricing</u>	<u>Nonrecurring</u>	<u>Monthly</u>
Digital PBX Channel Charge	\$810.00	\$135.00
Digital DID PBX Trunk	\$80.10	\$67.00

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.5 DID Trunk Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID number blocks apply in addition to charges specified for Basic Trunks or Digital Trunks in Sections 11.13.3 and 11.13.4, respectively.

One DID Additive charge applies for each DID-equipped Basic Trunk or DID-equipped channel on a Digital Trunk. The Customer is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group

DID Trunk Service^{††} Rates and Charges

Nonrecurring and monthly recurring rates per DID Trunk, apply as follows:

<u>DID Trunk Service</u>	<u>Nonrecurring</u>	<u>Monthly Charge</u>
Each additional block of 20	\$18.00	\$2.50
DID trunk termination (inward/combo)	\$45.00	\$40.00
DID- Each Number, Non-sequential	\$0.90	\$0.14

^{††} Effective with this tariff filing, the above products have been grandfathered. Only customers currently receiving these products will continue to receive them. All new customers will receive the applicable products under e-spire's Local Service, Local Service Plus and Local ISDN services at the rate levels outlined under e-spire's Local Service, Local Service Plus and Local ISDN or other applicable services.

11.13.7 CLASS (Custom Local Area Signaling Service) Features

CLASS features are available to subscribers of Basic Business Exchange Line on an a la carte basis.

Automatic Callback - allows customer to automatically return the last incoming call (whether the call was answered or missed. If the number being called back is busy Automatic Callback will alert customer with a special ring when the line becomes clear.

Automatic Recall - automatically redials the telephone number of the last outgoing call. If the number being called back is busy Automatic Recall will alert customer with a special ring when the line becomes clear.

Call Block - provides the customer the ability to prevent incoming calls from up to six different telephone numbers.

Call Selector - provides a distinctive ringing pattern to the subscribing customer for up to six specific telephone numbers.

Call Tracing - enables the customer to initiate an automatic trace of the last call received.

Call Transfer - customer presses the flash hook, receives second dialtone and dials number existing call is to be transferred to. Customer may hang-up immediately or introduce call and then hang-up.

Caller ID Name Delivery - displays the name and number of the calling party on a special display telephone or display unit.

Caller ID Number Delivery - displays the number of the calling party on a special display telephone or display unit.

Directory Number Privacy - allows customer to prevent their name and number from appearing on the called party's Caller ID telephone or display unit. Privacy feature must be activated by customer on a call by call basis.

Preferred Call Forwarding - allows the customer to transfer up to six selected numbers to another telephone number.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.8 Business Custom Services (BCS)

Description:

Customers can choose from following custom services as additional features which can be added to Basic Business Line Exchange service on an *a la carte* basis.

Call Forwarding Variable - allows subscribers to redirect all incoming calls to another telephone number. This service uses a courtesy call so the customer can notify the party at the forward to number that calls are going to be redirected to their number.

Call Forwarding Busy Line - automatically redirects incoming calls to a pre-designated telephone number or to a voice mail (FirstLine) service when the customers line is busy.

Call Forwarding Don't Answer - automatically redirects incoming calls to a pre-designated telephone number or to a voice mail (FirstLine) service when the customers telephone is not answered within a specified amount of time.

Remote Activation of Call Forwarding - allows the customer to activate or deactivate Call Forwarding Variable from a telephone other than the one to which the service is assigned.

Remote Call Forwarding - automatically redirects all incoming calls to a customers number to a pre-designated number.

Call Waiting Terminating - alerts the customer to an incoming call while the line is in use . The service signals the customer with two separate tones or tone patterns. The customer is able to place the first party on hold while he/she takes the second call. The customer can switch back and forth between the two parties by flashing the switch hook.

Cancel Call Waiting - allows the customer to cancel the Call waiting feature on a call by call basis. This can be done before the customer places a call or during a conversation (if the customer also subscribes to Three Way Calling).

Three Way Conference Calling - allows customers to have a conference call with two other parties at different numbers. With this service the customer can initiate calls to both parties or add another party to an established call.

Speed Calling 30 - allows the subscriber to assign 1 or 2 digit dial codes for telephone numbers and/or access codes. Up to 30 codes can be assigned.

(N)

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.9 ISDN/PRI

A. Description of Service

ISDN PRI service provides a method of access to the telephone network called Primary Rate Interface (PRI). Primary Rate Interface is an ISDN based, DSI access link to the telecommunications network and provides integration of multiple voice and data transmission channels on the same line. The basic channel structure for PRI is twenty three (23) 64 Kbps bearer channels (B channels) and one (1) 64 Kbps data channel (D channel). These B channels may be used to connect the customer's CPE to the Public Circuit Switched Network (e.g. outward, inward and two-way trunks, and WATS/800 Service access lines).

ISDN PRI service is a service for the transmission of digital signals only. Clear Channel Capability and Extended Superframe Format are inherent to the service. Customer Premise Equipment (CPE) that is compatible with the ISDN PRI service interface is the responsibility of the user for provisioning. XMC shall not be responsible if changes in any of the equipment, operations or procedures of XMC utilized in the provision of ISDN PRI service render any facilities provided by the customer obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance. Digital transmission rates at speeds less than those indicated may be accomplished as a function of the particular CPE furnished by the user. Suspension of service is not allowed. Individual Case Basis pricing will be available for on-network customers or for customers agreeing to term plans. Busy line verification and Emergency Interrupt service is not available for ISDN PRI services.

Telephone numbers transmitted via the Incoming Call Identification feature are intended solely for the use of the ISDN PRI service subscriber. Resale of this information is prohibited by this Tariff except the caller's numbers may be provided to the subscriber's client for those calls sponsored or provided by that client where the client's identity is disclosed to the caller and the client agrees not to distribute such information to others.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

11.13.9 ISDN/PRI, (Cont'd.)

A. Description of Service, (Cont'd.)

Non-facility Associated Signaling (NFAS) provides the capability to serve multiple DSI's over a single D channel (NB+D). This feature can be ordered where switch capabilities exist as stipulated in the vendor technical documentation. When NFAS is selected, the customer will order one ISDN PRI service arrangement with 23 B channels and 1 D channel. Additional ISDN PRI service arrangements are ordered with 24 B channels. The D channel activated on the initial arrangement serves the additional ISDN PRI service arrangements. Up to nineteen ISDN PRI configured at 24B + 0D may be ordered in conjunction with one 23B + D ISDN PRI. If the customer desires, he/she may also request a back-up D channel with the NFAS option. It is recommended that additional D channels be provisioned in separate DSI arrangements.

1. Application of Rates

ISDN PRI service lines furnished between a Serving Wire Center and the customer's premises will be charged at rates based on the first miles and each additional mile for the airline distance measured between the customer's premises and the customer's Serving Wire Center. ISDN PRI service rates under any Term Payment Plan are exempt from XMC initiated changes for the payment period selected. Rates in effect at the time service is installed and/or of the service order application date, will be applicable until the contract expires. At the expiration date of the customer's payment period option, the customer may select a new payment period at current rates or revert to current rates on a month-to-month basis. ISDN features are priced at a per channel rate unless otherwise specified.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

11.13.9 ISDN/PRI, (Cont'd.)

A. Description of Service, (Cont'd.)

2. Service Components

The customer may choose any number of channels, up to twenty-three per Primary Rate Interface, to be active with a corresponding number of services (e.g. inward/outward trunks, WATS Lines, 800 Service) selected. The customer may also choose to have more services selected than channels available for specific applications. The total number of communication paths may not exceed the number of channels subscribed.

The required components of ISDN PRI service will be as follows:

Digital Loop Channels
Primary Rate Interface
Primary Rate B Channels
Call-by-Call / Integrated Service Access Feature Capability
Network Access and Usage Charges where applicable

Digital Loop Channels - Provides a four-wire access loop from the customer premises to the serving wire center. The transmission characteristics of this loop support Clear Channel Capability and Extended Superframe Format (ESF).

Interoffice Channels - Provides for the transmission facilities between XMC servicing wire centers with a LATA.

Primary Rate Interface - Provides multiplexing to support up to twenty-three (23) B channels at 64 Kbps and one D channel also at 64 Kbps. When Non-facility Associated Signaling (NFAS) is ordered, the PRI service can provide up to twenty-four (24) B channels at 64 Kbps.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.9 ISDN/PRI, (Cont'd.)

A. Description of Service, (Cont'd.)

2. Service Components, (Cont'd.)

Primary Rate B Channels - Provides circuit switched service that will allow either voice or data transmission at up to 64 Kbps. Monthly rates for Primary Rate B Channels will be flat rate billing for all use of local exchange network. Voice calls may be completed to both ISDN and non-ISDN lines. Data transmission on the B channel will be circuit switched at 64 Kbps within the switch and between ISDN compatible central offices. ISDN interconnection to non-ISDN equipped central offices may be potentially subjected to analog transmission or sub-rated at 56 Kbps.

Call-by-Call / Integrated Service Access Feature Capability - Allows the customers to dynamically allocate the channels of the ISDN PRI service. The customer may also choose voice or data transmission on a per call basis. In addition, the customer may choose to subscribe to more services than channels and dynamically change the services in use.

3. Termination Liability

A Termination Liability charge is applicable at the date of termination. The applicable charge is dependent on the contract period subscribed to and will be equal to the number months remaining in the contract times the monthly rate provided under the contract. All end-user federal, state and local taxes and surcharges will be levied at existing tariff rates.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

11.13.10 Payphone

11.13.10.1 Description of Service

- A. Product Definition - Access line service for Payphone Service Providers (PSPs) is an exchange line service provided at the request of a subscriber for telecommunications use by the general public.
1. This access line service is provided on a flat rate basis.
 2. This access line service is provided for use with customer-provided noncoin-operated public telephones or customer-provided coin-operated public telephones.
 3. Completion of local message is provided by the Company.
 4. The subscriber shall be responsible for installation, maintenance and operation of customer-provided public telephones used in connection with this service.
 5. Customer-provided public telephones must be connected to the Company network in compliance with Part 68 of the F.C.C. Rules and Regulations.
 6. The service is furnished pursuant to and on the condition that the PSP will adhere to all applicable regulations.
 7. The service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to provisions of this tariff.
 8. This service is not subject to concessions.
 9. This service may not be suspended at a reduced rate.
 10. Access line service for customer-provided public telephones cannot be included on accounts containing other classes of service. A separate account is required for this offering at each location.
 11. The access lines may include an optional screening feature to prevent the operator from allowing toll charges against the subscriber's line. The operator cannot perform coin collecting functions.
 12. The Company is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.
 13. Customer-provided public telephones may not be attached to other types of access lines, absent express approval of the Company.
 14. The subscriber to this service will be responsible for any and all toll charges billed to the subscriber's account.

11.13 Exchange Access Service, (Cont'd.)

11.13.10 Payphone

11.13.10.1 Description of Service, (Cont'd.)

15. The following public service considerations are applicable to Customer-Provided Public Telephones:
- a. All customer-owned instruments must be registered under Part 68 of the F.C.C. Regulation Program to be connected to the Exchange Network.
 - b. The instruments must be able to accommodate the hearing impaired and handicapped persons.
 - c. The instruments must be installed in compliance with the National Electrical Safety Code.
 - d. There shall be no charge to the end user for Directory Assistance calls dialed (1+411 and 1+555-1212) from a customer-provided public telephone.
 - e. Non-chargeable Operator, 911 and 800/888 numbers, must be able to be made without a coin deposit, and with no time limitation.
 - f. Emergency numbers, (Operator Assistance and 911) must be clearly posted at each instrument location
 - g. Procedures for obtaining a refund from the owner must be clearly posted at each instrument location.
 - h. The instrument must have any and all operating instructions posted thereon.
 - i. Coins must be returned by the instruments for any incomplete calls.
 - j. All repairs shall be performed on the instruments, with a reasonable amount of time, the responsibility of which is place upon the owner of the telephone.
 - k. A subscriber must order a separate public access line for each instrument installed and will be billed the tariffed rate for each such access line.
 - l. In order to protect the public access line user's right to privacy, the customer-provided instrument must be capable of disabling any extension telephone also on the line during the time the public telephone is in use.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.13 Exchange Access Service, (Cont'd.)

11.13.10 Payphone

11.13.10.1 Description of Service, (Cont'd.)

16. For customers subscribing to Caller ID, if the incoming call originates from a customer-provided public telephone, the name information transmitted will always be "Pay Phone".
17. The instrument must display information on the name, address and telephone number of the person or entity responsible for the payphone where callers can obtain assistance when problems occur with pay telephone service. PSPs shall provide and post on or near the payphone;
 - a. The name and phone number of the owner of the instrument
 - b. A cost free method for reporting complaints and obtaining refunds.
18. Access lines to this service must be dedicated with one line for each station and shall not be connected behind a PBX or other line concentration device.
19. PSPs that provide access to long-distance services shall:
 - a. Allow access to all certified long-distance carriers through 1-700, 1-800, 1-888, 1-950, 10XXX, or 101XXXX dialing. Access to the services of long distance carriers shall not be blocked or intercepted by PSP or traffic aggregators. Such calls shall be routed to the network as dialed by the end user.
 - b. Allow access to Company operators. All "0-" calls and "0+" local calls shall be directed to the incumbent local exchange company.. Such calls shall be routed to the network as dialed by the end user.
 - c. Not accept calling cards for billing purposes if they are unable to validate the call.

11.13 Exchange Access Service, (Cont'd.)

(N)

11.13.10 Payphone

11.13.10.1 Description of Service, (Cont'd.)

B. Rates and Charges -

1. The Business Flat Rate service monthly rate for the exchange is applicable to PSP access exchange lines.
2. The subscriber is responsible for Directory Assistance service charges.
3. Directory Listings are not available for public telephone access lines.
4. Non-sent paid local calls will be charged to the end users plus the appropriate operator surcharges.
5. Non-sent paid calls into the Expanded Local Calling area (intraLATA) will be charged to the end user plus the appropriate operator surcharges.

C. Special Arrangements

Special Arrangements are available with the approval of the Company

D. Local Calling Area

The local calling area (LCA) is the area in which an end user can make calls and not pay for intraLATA or interLATA charges.

E. Billing

1. XMC will invoice the customer for one Basic Line Charge, one FCC EUCL charge, one Telecom Relay charge, one E911 charge, and any other applicable taxes and surcharges for each Basic PSP line.
2. XMC will invoice for all optional features and all IntraLATA toll usage, where appropriate.
3. Optional Billing Output (currently in testing phase): XMC can provide a customer's invoice on CD-ROM. Customer will be charged a one time setup fee and a monthly recurring charge. Customer may also be charged for any requested development changes to the CD-ROM format.

SECTION 11 – GRANDFATHERED SERVICES, (CONT’D.)

11.14 Exchange Access Optional Features

(N)

11.14.1 Directory Listings

For each Customer of Company-provided Exchange Access Service(s), the Company shall arrange for the listing of the Customer's main billing telephone number¹ in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings at the rates set forth in Section 11.14.2.

A. Directory Errors or Omissions

Consistent with this tariff, the Company’s liability arising from any and all errors in, omissions or erroneous inclusions of directory listings shall be limited to and satisfied by a refund not exceeding the amount of the directory listing charges for such of the Customer’s service as is affected during the period covered by the directory in which the error or omission occurs.

In the event of an error in or omission of a Customer directory listing from the Yellow Pages or White Pages, the Company shall, in addition to the refund, if any, and subject to the limitations provided herein, credit the Customer’s basic business telephone charges, with the following credit during the service life of the directory in which the omission occurred:

Credit to Customer: \$1.00 per month

(N)

¹ For Customers with multiple premises served by the Company, the Company will arrange for a listing of the main billing telephone number at each premise.

11.14 Exchange Access Optional Features, (Cont'd.)

(N)

11.14.2 Main Number Retention

Main Number Retention is an optional feature by which a new Customer, who was formally a customer of another certificated local exchange carrier at the same premises location, may retain its main telephone numbers and main fax numbers for use with the Company-provided Exchange Access Services. Main Number Retention service is only available in areas where the Company maintains some form of number retention arrangement with the Customer's former local exchange carrier.

Monthly recurring and Nonrecurring charges apply per retained number. Rates for retained numbers may vary from area to area.

11.14.4 Vanity Number Service

Vanity Number Service is an optional feature by which a new Customer may request a specific or unique telephone number and fax number for use with the Company provided Exchange Access Services. This service provides for the assignment of a customer requested telephone number other than the next available number from the assignment control list.

Vanity Number Service is furnished subject to the availability of facilities and the requirements of Exchange Access Service as defined by the Company. The Company reserves all rights to the Vanity Numbers assigned to customers and may, therefore, change them if required.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.18 Miscellaneous Services (N)

11.18.1 Operator Services

A. Description

Operator Handled Calling Services are provided to Customers and Users of Company-provided Exchange Access Services, and to Customers and Users of exchange access lines. Local exchange and IntraLATA calls may be placed on an Operator Assisted basis. Usage charges for Operator Assisted calls are the same as those set forth in Section 13. For Operator Assisted calls to Busy Line Verification and Interrupt, or Directory Assistance, the surcharges specified below will apply in addition to any applicable Operator charges.

B. Definitions

Person-to-Person: Calls completed with the assistance of a Company operator to a particular person, station, department, or PBX extension specified by the calling party. Charges may be billed to the Customer's commercial credit card and/or LEC calling card, calling station, called station, or a designated third-party station. Calls may be dialed with or without the assistance of a Company operator.

Station-to-Station: Refers to calls other than person-to-person calls billed to either the end user's commercial credit card and/or nonproprietary calling card. Calls may be dialed with or without the assistance of a Company operator. Collect calls to coin telephones and transfers of charges to third telephones which are coin telephones will not be accepted.

Operator Dialed Charge: The end user places the call without dialing the destination number, although the capability to do it himself exists. The end user will dial "0" for local calls and "00" for long distance calls and then request the operator to dial the called station.

Billed to Non-Proprietary Calling Card: Refers to calls that are dialed by the customer in accordance with standard dialing instructions and billed to a non-proprietary calling card issued by another carrier. (N)

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.18 Miscellaneous Services, (Cont'd.)

(N)

11.18.2 Busy Line Verify and Line Interrupt Service

A. Description

Upon request of a calling party the Company will verify a busy condition on a called line.

1. The operator will determine if the line is clear or in use and report to the calling party.
2. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

B. Regulations

1. A charge will apply when:
 - a. The operator verifies that the line is busy with a call in progress.
 - b. The operator verifies that the line is available for incoming calls.
 - c. The operator verifies that the called number is busy with a call in progress and the customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. One charge will apply for both verification and interruption.
2. No charge will apply when the calling party advises that the call is to or from an official public emergency agency.
3. Business Verification and Interrupt Service is furnished where and to the extent that facilities permit.
4. The Customer shall identify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person.

C. Rates

Busy Line Verify and Busy Line Interrupt Service^{††}

Busy Line Verify Service (each request)	\$1.50
Busy Line Verify and Busy Line Interrupt Service (each request)	\$3.00

^{††} Effective with this tariff filing, the above products have been grandfathered. Only customers currently receiving these products will continue to receive them. SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.18 Miscellaneous Services, (Cont'd.)

11.18.3 Service Implementation

Absent a promotional offering, service implementation charges will apply to orders to change existing service.

Service Implementation Changes for Changing Existing Services^{††}

Nonrecurring	\$22.00 per service order
--------------	---------------------------

11.18.4 Restoration of Services

A restoration charge applies to the re-establishment of service and facilities suspended because of nonpayment of bills and is payable at the time that the re-establishment of the service and facilities suspended is arranged. The restoration charge does not apply when, after disconnection of service, service is later re-established.

Restoration of Services^{††}

Nonrecurring per occasion	\$55.00
Charge per telephone number restored	n/c

^{††} Effective with this tariff filing, the above products have been grandfathered. Only customers currently receiving these products will continue to receive them. All new customers will receive the applicable products under e-spire's Local Service, Local Service Plus and Local ISDN services at the rate levels outlined under e-spire's Local Service, Local Service Plus and Local ISDN or other applicable services.

(N)

SECTION 11 – GRANDFATHERED SERVICES, (CONT’D.)

11.18 Miscellaneous Services, (Cont’d.)

(N)

11.18.5 Access Recovery Charge

The Access Recovery Charge (ARC) is not a fixed monthly recurring charge. Rather, the ARC is a percentage of the customer bill based on the total amount spent on services, less any taxes, surcharges or other non-qualifying fees. This fee is used to offset increased Xspedius expenses. Specifically, the charge will recover the costs related to recent increases in our costs of gaining access to incumbent networks, decreases to the access rates we can collect from long distance carriers, and the ongoing cost of maintaining local number portability. Xspedius has eliminated the Local Number Portability charge as a separate line item. This fee is not a tax or charge imposed by a government entity. The ARC is calculated by application of a percentage to each customer’s total monthly recurring charges for all services (MRC). The ARC percentage to be applied will be determined by the customer’s total MRCs on its monthly invoice.

<u>Customer Account MRC Total</u>	<u>Monthly Recurring ARC Percentage</u>
\$1000 + Accounts	1.1%
\$500 to \$999.99	3.1%
\$300 to \$499.99	5.1%
Under \$300 MRC	7.1%

11.18.6 Time and Materials Charges

Time and Materials Charges are charges for work performed on the Customer’s side of the demarcation or to isolate trouble to the Customer’s side of the demarcation point by an Xspedius employee at the Customer’s request that are not covered by other charges. Chargeable time is labor which includes, but is not limited to, work preparation, actual work, trouble isolation and clean-up. Material Charges are the items required to fulfill the job requirements. Any work required to establish or reestablish network access on the network side of the demarcation point is excluded from Time and Materials Charges.

A. Time and Materials Charge Elements

1. Initial Time and Material Charge (ITM):
The first 30 minute increment or fraction thereof of billable premises work performed on the Customer’s premises.

Current Initial Time and Material Charge \$ 75.00 per 30 minute

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.19 Special Arrangements (N)

11.19.1 Special Construction

A. Basis for Charges

Where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include:

1. Nonrecurring type charges;
2. recurring type charges;
3. termination liabilities; or
4. combinations thereof.

B. Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the customer.

1. The termination liability period is the estimated service life of the facilities provided.
 2. The amount of the maximum termination liability is equal to the estimated amounts for:
 - a. Cost installed of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. Cost installed includes the cost of:
 - (1) equipment and materials provided or used,
 - (2) engineering, labor and supervision,
 - (3) transportation, and
 - (4) rights-of-way;
 - b. license preparation, processing, and related fees;
 - c. tariff preparation, processing, and related fees;
 - d. cost of removal and restoration, where appropriate; and
 - e. any other identifiable costs related to the specially constructed or rearranged facilities.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.19 Special Arrangements, (Cont'd.)

(N)

11.19.1 Special Construction

- C. The applicable termination liability method for calculating the unpaid balance of a term obligation. The amount of such charge is obtained by multiplying the sum of the amounts determined as set forth in Section 10.1.2(B) preceding by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in section 10.1.2(B) preceding shall be adjusted to reflect the redetermined estimate net salvage, including any reuse of the facilities provided. This product is adjusted to reflect applicable taxes.

11.19.2 Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such services in this tariff. ICB rates will be offered to the Customer in writing and on a nondiscriminatory basis.

11.19.3 Temporary Promotional Programs

The Company may establish temporary promotional programs wherein it may waive or reduce Nonrecurring or recurring charges, to introduce present or potential Customers to a service not previously received by the Customers.

SECTION 11 – GRANDFATHERED SERVICES, (CONT’D.)

11.19 Special Arrangements, (Cont’d.)

(N)

11.19.4 Expedited Order

Expedite Charge: When placing an Order for service(s) for which a Standard Interval exists, a Customer may request a Service Commencement Date that is earlier than the Standard Interval Service Date, in which case an Expedite Charge will apply. The Company has the exclusive right to accept or deny the Expedite Order request. However if, upon reviewing availability of equipment and scheduled work load, the Company agrees to provide service on an expedited basis, an Expedite Charge will apply.

If the Company is subsequently unable to meet an agreed upon expedited service date, then the Expedite Charge will not apply.

In the event the Company provides service on an expedited basis on the Customer’s request, and the Customer delays service or is not ready for delivery of service at the time of installation, a Service Date Change Charge will apply in addition to the Expedite Charge.

In the event that the Customer cancels an order subject to an expedited request, the Expedite Charge will be added to any applicable Cancellation Charge specified herein.

In the event that the Customer requests a Service Date Change after the Company has received the original expedite request, an additional Expedite Charge will still apply, unless waived at the Company’s discretion.

An Expedite Charge will not be applied to orders expedited for Company reasons, unless agreed to by the Customer.

If costs other than additional administrative expenses are to be incurred when the Access Order is expedited, the regulations and charges for Special Construction as set forth in this Tariff will also apply. Additional charges imposed by the ILEC, above the listed tariff rate, will be charged to the Customer.

The Expedite Charge will apply on a per order, per occurrence basis, as specified in the rate section set forth below.

	Per order, Per occurrence
Expedite Order Charge	\$800.00*

* - In the event the ILEC rates charged to the company are higher than the listed rate, the rate charged to the customer will be equal to the ILEC’s rates imposed on the Company.

SECTION 11 – GRANDFATHERED SERVICES, (CONT’D.)

11.20 Inbound Direct Local Exchange Service

(N)

11.20.1 Description

Inbound Direct Local Exchange Service (Inbound Direct) provides basic local exchange customers with a single, voice grade analog channel which can be used to receive one call at a time only. All outbound calls will be blocked at the switch level. Inbound Direct may not be used for outbound service or to serve as a customer’s primary service line. A minimum order of 10 lines must be purchased.

The Inbound Direct product will be configured provisioned and priced with the hunting feature included. The hunt feature automatically forwards incoming calls to available lines according to a preprogrammed sequence. With the Inbound Direct line, the lines will be placed in a circular hunt group so all lines will be hunted. Each line, including the last line, will include hunting.

Inbound Direct service applications may include remote database access, data transmission/reception, and inbound customer service. Basic exchange lines are provided with Inbound Direct to connect to customer provided modem or other data communication device for connection to the public switched telephone network.

11.20.2 Rates and Charges^{††}

Inbound Direct (Inbound only line + hunting)	Recurring per line, per Month	Non-Recurring
Tucson, AZ	\$28.50	\$62.00

^{††} Effective with this tariff filing, the above products have been grandfathered. Only customers currently receiving these products will continue to receive them. All new customers will receive the applicable products under e-spire’s Local Service, Local Service Plus and Local ISDN services at the rate levels outlined under e-spire’s Local Service, Local Service Plus and Local ISDN or other applicable services.

(N)

11.20.3 On-Network Pricing Discount

For customers with facilities residing on the XMC network, discounts of 5% to 25% may be available on an individual case basis.

11.20.4 Term Contract and Penalty

If the customer and the Company agree to a term (multi-month) contract, the customer is bound to fulfill all terms and conditions of the contract. If the customer wishes to cancel service with the Company prior to the expiration of the contract, the customer will be billed and obligated to pay the full value of the remainder of the contract the value of which will be based on remaining months 0-multiplied by the average of all prior monthly bills.

11.21 Optional Local Exchange Services

11.21.1 Customer Term Agreement

A. Description

XMC Customer Term Agreement (CTA) allows Customer to receive discounts on XMC products and services for local exchange or local toll (Local Services). These discounts will be applied to the following products and services:

- Business Exchange Service
- Analog PBX Trunk
 - DID
 - DOD
 - Combination
- Digital PBX Trunk
 - Digital Access Facility
 - DID
 - DOD
 - Combination
- ISDN
 - PRI Access Facility
 - ISDN B Channel

The published monthly recurring rates are set forth in Section 13 of this Tariff. Customers that sign up for service for a one (1) year term will receive a three percent (3%) discount from the published monthly recurring rates. Customers that sign up for service for a two (2) year term will receive a seven percent (7%) discount from the published monthly recurring rates. Customers that sign up for service for a three year term will receive a eleven percent (11%) discount from the published monthly recurring rates. The three preceding term options are subject to the termination liability charges.

(N)

11.21.1 Customer Term Agreements, (Cont'd.)

B. Termination Fees

A termination liability charge will be applicable for service rate elements provided under a term payment plan, as described in Section 11.2.2 of this Tariff, that are disconnected prior to the end of the chosen service period. The termination liability charge is equal to the difference between XMC tariffed rates and the Term Plan rates, for the remainder of Term Agreement period. If at least six months remain under the Initial Term of the Term Plan, an additional cancellation fee of \$500.00 will be added to the early termination charges. The Customer shall be obligated to pay such fees within thirty (30) days of early termination of this Term Plan.

11.21.2 e.spire LOCAL SERVICE PLUS

e.spire LOCAL SERVICE PLUS is a total package offering consisting of Local, Long Distance and Toll Free services with optional custom calling features. This product is only available to local end user service customers originating on Xspedius facilities off its Tucson, Arizona switch. e.spire Local Service Plus is available under One, Two or Three Year Term Agreements. Each commitment level is available at the Monthly Recurring and Nonrecurring rates as specified in Section 13.

A. Product Components:

e.spire Local Service Plus service monthly fee includes Business Exchange Lines, Analog PBX Trunks, and Digital PBX Trunks. The customer may select a combination of the line components of up to 24 potential lines per T-1. Additionally, the following Standard Custom Calling Features are included in the monthly fee:

- | | |
|---------------|--------------------------------|
| Hunting | Call Forwarding |
| Call Waiting | Call Forwarding Busy |
| 3 Way Calling | Call Forwarding Busy No Answer |
| Speed Dial 8 | Call Forwarding Variable |

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.21 Optional Local Exchange Services, (Cont'd.)

11.21.4 e:spire Local ISDN

e:spire LOCAL ISDN is a total package product offering consisting of Local services with optional Long Distance service, Toll Free service and custom calling features. This product is only available to local end user customers originating on Xspedius facilities off its Tucson, Arizona switch. Internet Service Providers (ISP) will receive inbound traffic only. Non-ISP customers will be provisioned for inbound and outbound traffic. The applicable rates for Outbound Calling for Non-ISP customers are specified in Section 13. Local ISDN is available under Month-To-Month, One Year, Two Year or Three Year Term Agreements. Each commitment level will be charged Monthly Recurring and Nonrecurring rates.

A. Expiration of Term Agreement

The customer must notify XMC, in writing, at least 30 days prior to the expiration of services to express their desired services beyond the selected term agreement. In lieu of written notification, the customer services will renew under the existing term agreement, i.e. a two year agreement will renew to an additional two year agreement.

B. Termination Fees

A termination liability charge will be applicable for service rate elements provided under the e:spire Local ISDN term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by twenty (20) percent. The customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the customer is responsible for all cost incurred for such early termination with our service provider.

11.21.5 Incoming FX

Incoming FX is a foreign exchange service that provides a telephone number out of a foreign central office through the end users local central office. Incoming FX offers customers to receive incoming calls from customers within the LCA included in the foreign exchange's NPA/NXX.

Incoming FX is offered as an optional line coding. Incoming FX will only be made available on DID trunks, Combination trunks, and Combination trunks with DID. Since Incoming FX is not an outbound calling feature, it will not be available on DOD trunks. Incoming FX is available to customers receiving e-spire LOCAL SERVICE PLUS or e-spire LOCAL ISDN.

(N)

11.21.6 Local Advantage Service

Local Advantage Service Term Plan is available to new and existing customers receiving e-spire LOCAL SERVICE PLUS and/or e-spire LOCAL ISDN Commercial End User (CEU). Local Advantage Service Term Plan was previously introduced as e-spire LOCAL SERVICE PLUS. Local Advantage Service Term Plan is designed to encourage prospects and existing customers to purchase Xspedius Long Distance, The long distance usage will generate credits that will be applied to the customer's Local Service*. The higher the long distance net revenue, the higher the monthly credits for Local Service*.

New and Existing Customer's will receive Local Service monthly credits on up to 4 e.spire LOCAL SERVICE PLUS / LOCAL ISDN Commercial End User T-1's, DID Trunk Termination and DID Blocks. The Local Service monthly credits are based on the sliding scale net Long Distance (Interstate , Intralata, Intrastate, International, Toll Free & Calling Card) usage per month, for the length of the LOCAL SERVICE PLUS/LOCAL ISDN Commercial End User Agreement.

<u>Net Monthly Long Distance Revenue</u>	<u>Maximum Local Services Monthly Charges</u>
	<u>Waived</u>
\$2,500.00 - \$4,999.99	1 LOCAL SERVICE PLUS
\$5,000.00 - \$7,499.99	1 LOCAL SERVICE PLUS and 50% off 1add'l LOCAL SERVICE PLUS
\$7,500.00 - \$9,999.99	2 LOCAL SERVICE PLUS and 50% off 1add'l LOCAL SERVICE PLUS
\$10,000.00 - \$12,499.99	3 LOCAL SERVICE PLUS and 50% off 1add'l LOCAL SERVICE PLUS
\$12,500.00 or more	4 LOCAL SERVICE PLUS and 50% off 1add'l LOCAL SERVICE PLUS

Existing e.spire LOCAL SERVICE PLUS /LOCAL ISDN CEU customers must renew at equal to or greater than the length of their existing contract with the attached Local Advantage Addendum. Existing customers who increase or decrease the number of LOCAL SERVICE PLUS's must have their account updated.

* - Includes e.spire LOCAL SERVICE PLUS, LOCAL ISDN CEU (ONLY), base component, DID Trunk Termination and DID Blocks. Initial Install Waiver Program will be honored on NRC costs. Excludes all optional features, line coding, EUCL, additional service fees, surcharges and taxes.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.21 Optional Local Exchange Services, (Cont'd.)

11.21.6 Local Advantage Service, (Cont'd.)

All other terms and conditions, of Xspedius's existing e-spire LOCAL SERVICE PLUS and e-spire LOCAL ISDN CEU agreements, not expressly modified in the customer's Addendum remain unchanged and in full force and effect.

A Termination Fees

A termination liability charge will be applicable for service rate elements provided under the Local Advantage Service term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the corresponding Term agreement. The customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the customer is responsible for all cost incurred for such early termination with our service provider.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.21 Optional Local Exchange Services, (Cont'd)

11.21.8 Voice Services Term Plan Program

e-spire Voice Services Term Plan Program provides additional savings for customers committing to a long-term relationship with Xspedius. This program offers credit for one-month of service at the tariffed rate to new Local Service Plus and Local ISDN-CEU end users when they contract for a one-year and two year term commitment. End users committing to three year term contracts will receive credit for two-month of service at the tariffed rate. This program is not exclusively limited to customers that commit to one-year term plans, but all term plan offerings. The table below identifies the amount of credit and distribution for each term plan commitment.

<u>Term Commitment</u>	<u>Credit</u>	<u>Credit Distribution*</u>
1 year term commitment	1 month credit	5 th month following install
2 year term commitment	1 month credit	1 st month following install
3 year term commitment	2 months credit	1 st & 13 th month following install

* Credits issued for the first month may be split between the first and second months invoice dependent on the date of install.

- e-spire Voice Services Term Plan Program is available to new e-spire Local Service Plus and Local ISDN-CEU end users.
- The terms of this Program will not be applicable for end users that terminate their contracts during the first 90 days of service.
- End Users who terminate their contract at any point during the term plan will be required to reimburse Xspedius with the full credited amount under this program in addition to early termination penalties.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.21 Optional Local Exchange Services, (Cont'd)

(N)

11.21.9 EZ LD Service

The EZ LD service is available to new and existing Local Service, Local Service Plus or Local ISDN CEU customers. The EZ LD service allows customers to enjoy a single rate for certain long distance traffic, provided the customer meets certain usage requirements. New Local Service, Local Service Plus or Local ISDN CEU customers must sign a service agreement for at least a 12-month term. However, for current Xspedius customers, the term commitment shall be no less than the remaining term of the current Required Product if the remaining term is greater than one (1) year.

If a customer elects to receive the EZ LD service, the new service will be incorporated into the terms of the existing Required Product agreement, such that both services will expire concurrently. Notwithstanding, EZ LD cannot be added unless there is at least one year remaining under the existing agreement or both agreements are extended to provide service for at least a one-year term.

The EZ LD product rate is based on 3 factors:

1. Usage pattern – Customer’s intrastate traffic shall not exceed 30% of total EZ LD traffic to qualify for the rates specified below.
2. EZ LD Service term period (1,2,or 3 years)
3. Customer’s prior usage level in which their intrastate traffic does not exceed 30% of total EZ LD traffic.

EZ LD product rate guidelines

Term Period	Previous LD usage		
	<u>Up to \$100.00</u>	<u>\$101 - \$300</u>	<u>over \$301</u>
1 year	\$0.055	\$0.055	\$0.049
2 year	\$0.055	\$0.049	\$0.045
3 year	\$0.049	\$0.045	\$0.045

Under the following circumstances, an EZ LD rate can be provided to customers exceeding the 30% intrastate usage limitation:

- Intrastate Usage between 30% and 50%. Customers with intrastate usage between 30% and 50% of total EZ LD usage may be offered an EZ LD rate of \$.055.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.21 Optional Local Exchange Services, (Cont'd)

11.21.9 EZ LD Service, (Cont'd.)

A. EZ LD Conditions for service

EZ LD customer's intrastate long distance traffic shall not exceed the percentage of their total EZ LD traffic, as specified above. In the event their traffic exceed the allowed intrastate usage in two billing months in any 12-month period, Xspedius reserves the right to re-rate those months intrastate minutes to \$.08 per intrastate minute or to charge \$0.08 per intrastate minute for the intrastate usage in any additional month, in which the customer's traffic exceed the 50% limit.

B. Early Termination Penalty

Withstanding anything to the contrary in article 4 of the Agreement, if the customer decide to terminate the EZ LD Service before the end of the term, the customer will be charged an early termination penalty equal to 4 months of average usage. The customer's average usage will be calculated based on the average of the last two full months of usage. In the event the EZ LD agreement is terminated before two full months of service, the average usage will be calculated based on the customer's actual usage to date.

11.21 Optional Local Exchange Services, (Cont'd.)

(N)

11.21.12 Xspedius Complete T, (Cont'd.)

D. Termination Fees

Consistent with the customer's agreement, a termination liability charge will be applicable for service rate elements provided under the Complete T term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by one hundred (100) percent. The customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the customer is responsible for all cost incurred for such early termination with our service provider.

11.21.14 Xspedius Channel 12

Xspedius Channel 12 is a total package product offering consisting of Local, Long Distance and Toll Free services with optional custom calling features and Integrated Internet. The service will receive EZ LD minute of usage allowance. This product is only available to local end user service customers originating on Xspedius facilities off its Tucson, Arizona switch. Xspedius Channel 12 is available under One, Two or Three Year Term Agreements. Each commitment level will be charged Monthly Recurring and Nonrecurring rates as specified below.

<u>Length of Contract</u>	<u>Term Discounts</u>	
	<u>Monthly %</u>	<u>NRC %</u>
One Year	0 %	0%
Two Year	10 %	100%
Three Year	15 %	100%

A. Line Components:

Xspedius Channel 12 service monthly fee includes DS1 Access facility with Business Exchange Lines, and PBX Trunks. The customers may select a combination of the line/trunks components of up to 64 potential lines/trunks per DS1 in accordance with the service. Additionally, the following are included in the monthly fee as defined in the Basic Feature Plan:

Call Block	Anonymous Call Rejection
Toll Restriction (Option A-T each)	Automatic Recall (redial)
Hunting	Caller ID number only (business exchange lines only)
Call Waiting	Call Hold
Three Way Calling	Distinctive Ringing
Call Forward Busy	Speed Dial 8
Call Forward No Answer	Speed Dial 30
Call Forward Variable	Account Code – Non Validated
Call Transfer	Fax Overflow - 1 mailbox included
Automated Call Back	Voice Mail - 1 mailbox included

11.21.14 Xspedius Channel 12, (Cont'd.)

B. Optional Features, (Cont'd.)

Toll Free Service

Xspedius Channel 12 customers will receive the EZ LD rates for all Xspedius Tariff Dial One IntraLATA, Intrastate and Interstate rates as noted respectively in the Xspedius Arizona General Services Tariff, the Xspedius Arizona Interexchange Services Tariff and the Interstate Long Distance Service Agreement.

One Year	12%
Two Year	15%
Three Year	20%

C. Expiration of Term Agreement

Upon expiration of the initial term, the term agreement will automatically renew on a month-to-month basis at the monthly rates.

D. Termination Fees

Consistent with the customer's agreement, a termination liability charge will be applicable for service rate elements provided under the Xspedius Channel 12 term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by twenty (20) percent. The customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the customer is responsible for all cost incurred for such early termination with our service provider.

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.22 Application of Rates

(N)

11.22.1 Introduction

The regulations set forth in this section govern the application of rates for services contained in other sections of this tariff.

11.22.2 Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- A. Calls are measured in durational increments identified for each service. All calls that are fractions of a measurement increment are rounded-up to the next whole unit.
- B. Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- C. Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- D. Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- E. All times refer to local time.

11.22.3 Rates Based Upon Distance

Where charges for a service are specified based upon distance, the following rules:

- A. Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in the Local Exchange Routing Guide issued by Bellcore, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the rate center of the Customer's main billing telephone number.

AZI0801

SECTION 11 – GRANDFATHERED SERVICES, (CONT'D.)

11.22 Application of Rates, (Cont'd.)

(N)

11.22.3 Rates Based Upon Distance, (Cont'd.)

B. The airline distance between any two rate centers is determined as follows:

1. Obtain the "V" (vertical) and "H" (horizontal) coordinates for each rate center from the Bellcore Local Exchange Routing Guide referenced in Section 3.3(A).
2. Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.
3. Square each difference obtained in step (2) above.
4. Add the square of the "V" difference and the square of the "H" difference obtained in step (3) above.
5. Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.
6. Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.
