RE: ARIZONA CORPORATION COMMISSION WATER TASK FORCE DECISION NO.
62993 - FINDING OF FACT #31

Dear Mr. Thomson:

Thank you for accepting Staff's invitation to participate in the Central Arizona Project (CAP) Group of the Arizona Corporation Commission's Water Task Force.

The above referenced Finding of Fact orders the Staff to develop through meetings with members of the industry, RUCO, and other parties, a detailed statement of policy on CAP cost recovery by June 30, 2001. Prior to the first meeting of the CAP Group, I would like each member to submit a statement (by April 10, 2001) as to what they believe the problem is that the group should be attempting to solve. In addition, members should state what they believe is the best way to solve the problem.

Once I have received the above I will send copies of all the responses to each member along with a time and date for our initial meeting. We should all be prepared to discuss each other's ideas at the first meeting. My goal is to reach consensus on this issue and develop a policy that all of us can support.

I look forward to hearing from you. If you have any questions, please feel free to contact me by letter at the address below, by phone at 602-542-7270 or by e-mail at solea@cc.state.az.us.

Sincerely,
