The enclosed water bill reflects a huge decrease in our supposed water usage after a change was made to the water meter equipment at the end of Nov 07. Pulte apparently installed a hook up of the wrong diameter pipe feeding from the meter to the house. From Jan 2004 thru Nov 2007 I was overcharged by AZ water because of this error. No recourse per Pulte or AZ water. Now it seems that ESC is profiting from this as well.
