Decision # 68752

To Whom It May Concern:

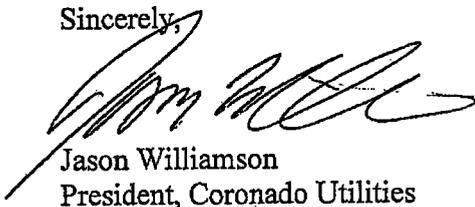

In accordance with the compliance condition of our CC&N order (Due on Jan. 31 of each year), I am writing this letter to notify the Arizona Corporation Commission of the status on new development within our service territory.

At the present time, there is no new construction in the San Manuel area. As has been publicized during our CC&N hearing, BHP continues to attempt to find a development partner to develop on the substantial land holdings surrounding the town. Unfortunately, we are not aware of any tangible development progress, other than BHP's ongoing PAD entitlement efforts.

The land surrounding the San Manuel golf course is privately owned now, and we have had discussions with the owner regarding our system and its capacity, but again, nothing tangible has yet occurred with respect to this project either

We will continue to monitor development progress in the area and keep the ACC informed if any progress is made. Please feel free to contact me if you have any questions at (303) 333-1250.

Sincerely,

Jason Williamson  
President, Coronado Utilities
