If you need to update your response to any item(s)/request(s), please reference the item(s)/request(s) and provide your current response(s). In order for Staff to continue with its review of this Application, the following information must be submitted:

- JFB3-1.
1. We have been here in Lukeville on the border for over forty years, we have seen payphones and payphone operators come and go is why we decided in 2003 to make Application and do it ourselves.
 2. We have never asked to change our original Application for Gringo Pass Inc. to anyone else.
 3. Table Top Telephone Co. is the only one that services Lukeville and we do business with them and their telephone lines are available for payphones.
 4. We have contacted other services like AT & T and they have a package available not only for coins but credit cards calls, long distance, telephone cards and etc. Prior dealings with Pacific Communications we only received a small fraction of the of the coins, sometimes which was not even enough to pay for the electricity.
 5. We have been advised by both AT & T, others, and Table Top that the first thing we need is the Certificate of Convenience and Necessity. The Certificate comes first and then we do the other things.
 6. According to the US Port Facilities here, close to two million people go through here each year, and there are no pay telephones. Hopefully you will act on our original Application so the public can be served once and for all.
