2008 STATUS REPORT

Coordination Efforts with Water Utility of Greater Tonopah for Increased Use of Effluent on Golf Courses, Ornamental Lakes and Other Aesthetic Water Features

Decision No. 68742
Docket No. SW-20403A-05-0586

Pursuant to Decision No. 68742 (June 5, 2006), Balterra Sewer Corp. ("Balterra") is required to file a status report with the Arizona Corporation Commission ("Commission") detailing efforts to coordinate water and wastewater activities with the Water Utility of Greater Tonopah.

On October 3, 2007, Balterra entered into a stock purchase agreement with Global Water Resources, Inc., which is the corporate parent of Water Utility of Greater Tonopah ("WUGT"). Upon certain Commission approvals, Balterra and WUGT will become affiliates, and can more closely coordinate activity to provide integrated water, wastewater treatment and effluent services within their respective service territories. Thus far, a construction schedule has been drafted, and a preliminary Reclaimed Water Distribution Master Plan report has been submitted to the Maricopa County Department of Environmental Services for review and approved on June 11, 2007. This plan was also referenced in the Maricopa County, Balterra Wastewater Treatment Facility, Clean Water Act 208 Amendment.
