Resolution

"129. We will approve the Company's Demand-Side Management Program Portfolio Plan as recommended by Staff, except as directed in Findings of Fact No. 130 and 131.

130. To promote self-sufficiency of the ESH Program, we will adjust the proposed 2008 program budget by increasing the percentage allocated to marketing from 20 percent (\$84,000) to 40 percent (\$168,000), while decreasing the percentage allocated to incentives from 38 percent (\$161,312) to 18.4 percent (\$77,312). In so doing, we will direct that the total marketing allocation remain evenly split between internal and subcontracted marketing.

131. To further promote self-sufficiency of the ESH Program, we will direct that, instead of increasing from 38 percent in 2008 to 53 percent in 2012, the percentage of the program budget that is allocated to incentives shall not exceed 18.4 percent in any of the five years covered in the Plan."
