Dear Commissions Docket Control,

This letter is written on my behalf to withdraw my signature from the numerous petitions for Underground APS and Verizon service in Hillcrest Bay, Mobile Manor. This is regarding lot number 310-32-056A. Costs are too high for me to allow APS to place a lean on my land that I have already paid off is just unreasonable. The price to have such a job done is out of hand. From my understanding, at the hearing, Mr. John Stears said he was there to speak on behalf of homeowners on this petition. He was not there for my parcel and did not have the right to talk in my favor or on my behalf regarding 914 Bayview Drive. I Larry Thompson and Shearl Thompson are owners and feel that APS needs to take a look at the big picture and fix their bad wiring. At Hillcrest Bay, they know it is bad and which should be fixed by them, not the current homeowners. Docket numbers E-01345A-07-0663 and T-01846B-07-0663. Also, by putting these lines in it will not help me due to the fact that my view will not be affected what so ever. They should be responsible and should be the ones to just fix the bad wiring that they have there and everything will be ok. It has been like this for many years. I appreciate your time, thank you.

Sincerely,

Arizona Corporation Commission
