I wish to add my name to the list of persons not wishing to participate in the under ground project at Hillcrest Bay.

This project has been pushed by a number of persons on homeowners to a limit. I had a member of the board stop by my house while I was cleaning up my yard and this person was very persistent about getting approval by me for this project, I needed to remind him several times I could not afford a such project.

I do not believe that home owners should be pushed into this project for many reasons such as.

1. Financial burden to home owners in a fixed income.
2. The fact that after years of paying for your property a lien has been placed by big corporations on your property for something that you did not want in the first place.
3. Existing poles should be kept up by utilities Co.

Respectfully Submitted,
