AZ CORP COMMISSION
DOCKET CONTROL

I Kathryn E.H. Sanfilippo, to who is a disabled person wish to intervene on my own behalf for reasons of the probable and or continued misuse of electrical energy with out consideration of the Bauclot Law and Safety factor of normal FCC Delivery.
The interference of Non Approved software against spine victims (self) and their home and appliance vin obscurrred relationships with non applicable diagnosis inconsistent with my own. This is a second letter of \$ abusive to a disabled person to Aps.
The high cost of energy used in high speed delivery slamming my home and no receptical for visual or audio for the ADA approved software. This tact in a delivery is abusive and a threat to me.
The 5 major surgeries I've had did not include visual of hearing implants.
This is restricting my own needs and beating my home up and cracking the internal frame of the structure.
We are not an industrial Yeal ground for someone electric train in downtown Az. The medical field has been silenced via Industrial w/comp and denied a testimony of instructional via the authorized owner of metal implants such as me!
Please be aware that at no time did I sign up to be a sience experiment! The print from the disabled office in AZ

ARIZONA CORPORATION COMMISSION
UTILITY COMPLAINT FORM

in 2003 & 2004 is a public document and should be in question.

The FDA should also be included in the conversation because of new electronic in the medical field and the fraud of idiots trying to brain wash and deny medical care proficient enough other than illegal mental health techs. And CPS officers obstructing physic damaging me and my home.

The alert overseas in War is in America. See an MD in CA. Not the jerk in eye surgery because I'm not her. Raising prices and not paying the industrial air in the first place is fraud.

Please send the correct applied enlarged version of meeting and info in reference to the above concerns.

5 years of someone playing on a computer slamming my brain isn't and wasn't what Dr. B Vam and I agreed to. See Gastric surgical implants also. Mental health won't help!

A broken neck can't be cured via Marijuana!

Internal shock treatment via remote computer software for eye + ear without consent burning in my brain and eyes.

The initial denial to right to correct medical treatment denied via OUSD and the Union Contract of CSEA Health and Safety contracts via the state.

Denial of correct payment because of fraud of Incr. Co. Of OUSD + State regulators for no budget in reference to Kathryn Sanfilippo

Denial of all medication via Defense Attorney William Todd and J. Coultar No major Medical paid via w/cops No input on legal testimony of or in a docket of the USA.

Denied the right to testify before I die without experiencing certainly affecting myself or husband.

No one person for the Marijuana Internal a procedure with written or legal review for me or with consent.

The Article contained within the AZ Republic on Friday February 15, 2008 is a slime ball in true respect. Fact is that when a major injury transpires and care itself is denied and the only way you can live is to sell drugs on the street, is denial of the person w-history. The State of AZ has already done this! Via CPS. The State of Cal also did the same, by refusing corrective spine surgery then attaching states eye implants for an AZ State employee in software downloads well more important. Is the United States this low to refuse to see how messed up the denial of spine reconstruction + the attempt to abuse for another disability. See the Federal Law which gives medical + the FDA Metal internally place being a home here.

Investigator's Comments and Disposition:

ARIZONA CORPORATION COMMISSION
UTILITY COMPLAINT FORM

Called consumer and confirmed she does not want to be an intervenor. Explained I was calling on behalf of Chairman Gleason and that her letter would be docketed and her concerns would be known by all Commissioners.
