AZ CORP COMMISSION  
DOCKET CONTROL

Question: Please provide the current number of customers that SBC is providing service to as of January 31, 2008.

Response: As of 1/31/08, there were 61 customers receiving local exchange service.

Responsible Person: Sam G. Maropis  
Area Manager-Regulatory Relations  
Corporate External Affairs  
AT&T Services, Inc.  
1010 N. Saint Marys St., Suite 13-L  
San Antonio, TX

Question: For the 67 business customers referenced in this application, please provide:  
a.) The total local exchange revenue for the full-year 2007  
b.) The total number of access lines served at year-end 2007

Response: a) Normally, SBC LD considers such data to be confidential, but given its pending service discontinuance will provide the information in this instance without a protective agreement. Exclusive of long distance, directory assistance and any other incidental usage, non-recurring charges (such as jack rearrangement charges), taxes or surcharge amounts, SBC LD estimates 2007 local exchange revenues for the 67 customers receiving service as of December 31, 2007 to be \$576,000.

b) For both analog and digital local exchange voice lines, as of December 31, 2007 there were 1,362 voice grade equivalent access lines served.

Question: Will SBCLD transfer a business customer's local exchange service to its affiliate AT&T Communications of the Mountain States, Inc. if the customer fails to switch to another carrier?

Response: No.

Corporate External Affairs  
AT&T Services, Inc.  
1010 N. Saint Marys St., Suite 13-L  
San Antonio, TX

Question: If your response to CLA 1-3 is in affirmation, does SBC LD intend to request a limited waiver of A.A.C. R14-2-1901, *et seq.*, Consumer Protection for Unauthorized Carrier Changes?

Response: There is no need for a waiver, because customers will not be transferred to AT&T Communications of the Mountain States, Inc. without their consent.

**Question:** Does the Applicant have any employees in Arizona? If so, please list the number of employees by type of category (i.e., management, technical, and customer service). If this application is approved by the Commission, will there be any layoffs of SBC LD employees in Arizona? If so, please explain.

**Response:** Almost all SBC LD employees have been integrated into the AT&T workforce. There is one technical position as well as one managerial position supporting the remaining SBC LD network in Arizona. There will be no layoffs as a result of the discontinuance of the local exchange voice operations of SBC LD in Arizona.

Question: Did the Applicant have any service contracts with customers? If so, please describe how the service contracts were honored or terminated with the customers.

Response: SBC LD does have customers who are on service contracts. Each contract allows SBC LD to cancel the contract with a minimum notice of 90 days. SBC LD gave each customer 90-day notice under the contract on December 4, 2007 of the fact that service would be discontinued. See Exhibit A to the Application and the letter to customers attached to it.
