On January 13, 2006, Arizona American Water Company filed an application with the Arizona Corporation Commission (ACC) for an increase in revenues of approximately 12.61 percent for its Mohave Water and 24.82 percent for its Mohave Wastewater Districts. After hearing and evaluating all the evidence, the ACC issued Decision # 69440 on May 1, 2007, authorizing an overall 9.90 percent increase for the Mohave Water district and an overall 23.55 percent increase for the Mohave Wastewater district. This results in an increase of an average residential customer's bill from \$15.82 to \$17.42 per month for water and from \$39.75 to \$49.65 for wastewater.
