Dear Sirs,

I am a resident of Lake Havasu City and I am writing this letter to oppose the electric rate increase as proposed by Citizens Electric.

I do not feel that I should pay for their mistakes. What happened to the "Griffith Project", They had ample opportunity to make arrangements with them and chose not to. They made a poor choice.

When Citizens Electric contract expired with APS they had the opportunity to seek other electric providers to have the cost lowered, they chose not to. In fact, they signed a seven-year contract with APS for a higher rate. Why should I pay for that decision?

I feel that Citizens Electric has not been fair or honest to their ratepayers or shareholders. Compare the stock price to a year ago.

We did not have this opportunity to speak out against the rate hike in the gas. Gas prices are strapping our community as it is. Please do not let this happen with the electric prices. Our community cannot handle that.

There are many businesses that are looking to relocate to our county and if this rate hike goes into effect that will not happen. Our county needs the growth. We need more jobs. Please do not deprive us of that.

I feel Citizens Electric's problem is poor planning and management. The majority of the ratepayers such as the senior citizens are living day by day. They cannot afford this. Citizens must be made responsible for their mistakes and misjudgments not us.

Sincerely,

Rebecca Kerspice

RE: Docket #E-01032C-00-0751

Dear Commission Members,

I, ELAINE G. LLOYD, am extremely concerned about the Citizen Electric proposal to increase our electric costs by 31% or more to recover their losses. The amount proposed is most objectionable.

I strongly urge you to deny this rate increase.

Sincerely,

Elaine G Lloyd

RE: Citizen Utilities Rate Increase

I,  a citizen of Lake Havasu City,
Mohave County, Arizona would like this Commission to know that I oppose
any rate adjustments or rate increase that are currently being applied for by
Citizen Utilities Company, and I believe that this is a Shareholder's issue and
not a ratepayer issue.
