RE: Docket No. E-01032C-00-0751

We wish to seriously object to the proposed increase in our electric bill, proposed by Citizen Electric Arizona.

We check prices and look for bargains in everything we buy and expect them to do the same for us in our electric bills. If we need to buy anything for which we do not have the money in hand we do it with time payments. In the case of cars this could be 5 years or more.

We would surely like to know how Citizen signs up with a company without ever trying to find if there is a more reasonable priced one. Even if they made a mistake, contracts can surely be broken. We really object and as retired persons on a fixed income it is vital that they do as well as we do with checking prices and getting the lowest one.

Sincerely, register voters: Robert W. Cook and Bertha C. Cook
