Arizona Corporation Commission

Att: All commissioners

The Arizona American Water Company is requesting a 29% rate increase for water service in the Sun City, Az area.

We feel this is an outrageous request.

The ACC does not mandate that potable water to be delivered at 1500 gallons per minute but the Az Am wants funding to build a system to deliver that amount of water to homes in Sun City.

Please vote against this request by the Az Am Water Co.

Thank you,
