Re: Docket Nos. G-04204A-06-0463, G-04204A-06-0013 & G-04204A-05-0831, Decision No. 70011 – Revised page 21 of the Rules and Regulations

Docket Control:

Pursuant to Commission Staff request, UNS Gas, Inc. (“UNS Gas”) hereby submits a revised page 21 of its Rules and Regulations, which were filed on December 13, 2007 pursuant to Decision No. 70011 (November 27, 2008). Enclosed is an additional copy of this letter that the Company requests you date stamp and return in the self-addressed, stamped envelope.

If there are any questions, please contact me at (520) 884-3680.

Respectfully Submitted,

Jessica Bryne

DOCKET CONTROL

SECTION NO. 6
SERVICE LINES AND ESTABLISHMENTS
(continued)

3. Easements and Right-of-Way

Each Customer shall grant, at no cost to the Company, an adequate easement and right-of-way, satisfactory to the Company to ensure proper service connection. Failure on the part of the Customer to grant an adequate easement and right-of-way shall be grounds for the Company to refuse service.

4. Unauthorized work or facilities

When the Company discovers that a Customer or the Customer's Agent has performed work or has constructed facilities that has altered the installation of the Company's facilities to the point that work is necessary to restore the previously installed Company facilities to meet regulatory or Company requirements, the Company shall notify the Customer or the Customer's Agent and the Company shall take whatever actions are necessary to eliminate the hazard or violation at the Customer's expense.

5. Point of Delivery

The Point of Delivery for all gas delivered to any Customer shall be at the point of interconnection between the facilities of the Company and those of the Customer.

6. Excess Flow Valve Installation

In accordance with Title 49, Section 192.381 of the Code of Federal Regulations ("Code") and requirements set forth in HR5782, the installation of an Excess Flow Valve ("EFV") shall be performed by the Company on each single family residence service line connected to its distribution system in compliance with the Code.

- a. The Applicant shall provide the Company information concerning the gas usage and demand requirements. The EFV will be designed and constructed so that suitable gas capacity is available and satisfactory to the Company.
- b. The Company will construct, own, operate, and maintain the EFV in connection with the service line installation.
- c. Costs associated with the mandated installation of the EFV shall be paid by the Applicant as a nonrefundable Contribution in Aid of Construction ("CIAC").
 - i. The cost of installation, paid by the Applicant, shall be the average actual cost of installation, calculated and averaged annually by the Company.
- d. Where it is necessary to change or alter the EFV, due to a request or alteration of the Customer's premise by the Customer, the Customer shall reimburse the Company for all expenses in connection with upgrading or removing the EFV.
