Re: Motion to Intervene: Financing Application for Tonto Village Water Co., Inc.
Docket No. W-01580A-08-0209

As the District Manager for Tonto Village Domestic Water Improvement District (approximately the same geographical area as the Certificate of Convenience and Necessity of Tonto Village Water Co.), I hereby request the right to intervene in the above referenced rate case that was docketed April 22, 2008.

The District represents the interests of all rate-payers and property owners of Tonto Village and it has a substantial interest in this matter.

The District desires a formal evidentiary hearing on the application since the Company lacks financial planning and has had extensive financial difficulties since 2004 that have resulted in the company violating orders of the Commission requiring a new water source be added to the system, causing the residents in most every summer since to go without water up to 18 hours per day.

The District has notified the Company of this intervention request. Please notify me at once if there are any concerns or questions related to this request and of your date of docketing the 13 copies of this letter (see attached return envelope) and of the date of granting this request.

Cordially,
Tonto Village Domestic Water Improvement District

District Manager
