IN THE MATTER OF THE APPLICATION OF HASSAYAMPA UTILITY COMPANY, INC., FOR APPROVAL OF AN EXTENSION OF ITS CERTIFICATE OF CONVENIENCE AND NECESSITY TO PROVIDE WASTEWATER UTILITY SERVICE IN MARICOPA COUNTY, ARIZONA.

DOCKET NO. SW-20422A-06-0566

DECISION NO. 70357

OPINION AND ORDER

DATES OF HEARING:

November 1, 2007 (Public Comments)
December 17, 2007 (Evidentiary Hearing)

PLACE OF HEARING:

Phoenix, Arizona

ADMINISTRATIVE LAW JUDGE:

Yvette B. Kinsey

APPEARANCES:

Messrs. Timothy J. Sabo and Michael W. Patten, Roshka DeWulf & Patten, PLC, on behalf of Water Utility of Greater Tonopah, Inc., and Hassayampa Utility Company, Inc.;

Mr. Todd C. Wiley, Fennemore Craig, on behalf of intervenor, Belmont Group; and

Ms. Robin Mitchell, Staff Attorney, Legal Division, on behalf of the Utilities Division of the Arizona Corporation Commission.

BY THE COMMISSION:

On September 7, 2006, Hassayampa Utility Company, Inc., ("Hassayampa" or "Applicant"), filed with the Arizona Corporation Commission ("Commission") an application (Docket No. SW-20422A-06-0566) for an extension of its Certificate of Convenience and Necessity ("Certificate" or

1 “CC&N”) to provide public wastewater utility service in various parts of Maricopa County, Arizona.

2 On September 29, 2006, Water Utility of Greater Tonopah, Inc., (“WUGT” or “Applicant”)
3 filed with the Commission an application (Docket No. W-02450A-06-0626) for an extension of its
4 Certificate to include an additional 22,217 acres in its existing Certificated area in Maricopa County,
5 Arizona.

6 On October 6, 2006, Staff filed a Notice of Insufficiency in the Hassayampa docket.

7 On October 26, 2006, Staff filed a Notice of Insufficiency in the WUGT docket.

8 On December 5, 2006, Hassayampa filed its Response to Staff’s Notice of Insufficiency.

9 On December 13, 2006, WUGT filed a revised legal description and maps for the proposed
10 requested extension area.

11 On December 20, 2006, Hassayampa filed a revised legal description and maps for the
12 proposed requested extension area.

13 On December 26, 2006, WUGT filed its Response to Staff’s Insufficiency Letter.

14 On January 3, 2007, Staff issued a Letter of Administrative Completeness in the Hassayampa
15 docket.

16 On January 9, 2007, by Procedural Order, a procedural conference was scheduled in the
17 Hassayampa docket for January 18, 2007.

18 On January 17, 2007, Staff filed its Second Notice of Insufficiency in the WUGT docket.

19 On January 18, 2007, a Procedural Conference was held as scheduled in the Hassayampa
20 docket. Hassayampa and Staff appeared through counsel for the Procedural Conference and
21 discussions were held relating to the possible consolidation of the Hassayampa docket and WUGT
22 docket.

23 On January 19, 2007, by Procedural Order, the timeframe in the Hassayampa docket was
24 suspended pending the issuance of a notice of sufficiency in the WUGT docket and a determination
25 whether the two dockets should be consolidated.

26 On February 2, 2007, WUGT filed its Response to Staff’s Second Notice of Insufficiency.

27 On March 2, 2007, Staff filed its Third Notice of Insufficiency in the WUGT docket.

28 On May 1, 2007, WUGT filed its Response to Staff’s Third Notice of Insufficiency.

1 On May 18, 2007, WUGT filed a compliance status report from Maricopa County
2 Environmental Services Department ("MCESD") for its public water systems.

3 On June 12, 2007, WUGT filed storage calculations for its Dixie System.

4 On June 18, 2007, Staff filed a Sufficiency Letter in the WUGT docket, indicating that
5 WUGT's application had met the sufficiency requirements as outlined in the Arizona Administrative
6 Code ("A.A.C.").

7 On June 27, 2007, by Procedural Order, the hearing in the WUGT docket was scheduled to
8 commence on August 28, 2007.

9 On July 5, 2007, Staff filed a Motion to Consolidate the above captioned matters (Docket No.
10 W-02450A-06-0626 and Docket No. SW-20422A-06-0566) stating the issues in these matters are
11 substantially related and no parties' rights will be prejudiced by consolidation. Staff further
12 requested that the hearing set for August 28, 2007 in the WUGT docket be reset because Staff's
13 witness was unavailable for that date.

14 On July 9, 2007, WUGT provided Notice that it had provided copies of its Water Master Plan
15 to Staff.

16 On July 23, 2007, Staff filed its Staff Report for WUGT, recommending approval of the
17 application with conditions.

18 On August 1, 2007, Belmont LKY 200K Limited Partnership L.L.L.P., an Arizona limited
19 liability limited partnership; SMT Investors Limited Partnership, an Arizona limited partnership;
20 Cardon Family, L.L.C., an Arizona limited liability company; Far Marel, L.L.C., an Arizona limited
21 liability company; Mt. Olympus Investments, L.L.C., an Arizona limited liability company; Neal
22 Management, L.L.C., an Arizona limited liability company; Michael T. Cowley, as Trustee of the
23 ANC Irrevocable Trust dated October 18, 2004; Ben Fatto Limited Partnership, an Arizona limited
24 partnership; Boa Sorte Limited Partnership, an Arizona limited partnership; Viel Gluck Limited
25 Partnership, an Arizona limited liability partnership; and Goodwin Consultant, L.L.C., an Arizona
26 limited liability company (collectively, "Belmont") filed a Motion to Intervene.

27 On August 6, 2007, WUGT filed its Response to Staff's Report.

28 On August 8, 2007, by Procedural Order, Docket No. W-02450A-06-0626 and Docket No.

1 SW-20422A-06-0566 were consolidated and a procedural conference was set for August 23, 2007.

2 On August 22, 2007, by Procedural Order, the hearing on the consolidated dockets was reset
3 to commence on September 26, 2007, and Belmont's Motion to Intervene was granted.

4 On August 23, 2007, a Procedural Conference was held as scheduled, and Staff, WUGT,
5 Hassayampa and intervenor Belmont appeared through counsel at the procedural conference to
6 discuss additional procedural matters related to the consolidated dockets.

7 On August 28, 2007, a telephonic conference was held with the parties and Staff stated that its
8 witness was unavailable for the September 26, 2007, hearing date and requested that the date for the
9 hearing be reset.

10 On September 5, 2007, by Procedural Order, the hearing was rescheduled to begin on
11 November 1, 2007.

12 On September 19, 2007, WUGT and Hassayampa docketed a Notice of Publication and
13 mailing.

14 On September 28, 2007, Staff filed its Staff Report recommending approval of Hassayampa's
15 application for an extension of its CC&N.

16 On October 12, 2007, WUGT and Hassayampa filed their Response to Staff's Report on
17 Hassayampa.

18 On October 26, 2007, WUGT and Hassayampa filed a Notice of filing Franchise approval
19 documents for both utilities.

20 On October 31, 2007, by telephonic conference, Staff requested the hearing be continued.
21 There was no opposition to Staff's request. However, because notice of the hearing date and time
22 have been published, the November 1, 2007 hearing date was reserved for the purpose of taking
23 public comments.

24 On November 1, 2007, the hearing was commenced for public comments and the evidentiary
25 portion of the hearing was continued. No members of the public appeared at the hearing to give
26 public comment.

27 On November 11, 2007, WUGT and Hassayampa filed a Notice of Revised Engineering
28 Memorandum.

1 On November 14, 2007, by Procedural Order, Staff's request for a continuance was granted
2 and the hearing in this matter was reset for December 17, 2007. The Procedural Order also directed
3 Staff to file a Supplemental Staff Report by December 10, 2007, relating to WUGT's and
4 Hassayampa's Revised Engineering Memorandum.

5 On November 15, 2007, WUGT and Hassayampa filed a Further Revised Engineering
6 Memorandum.

7 On November 27, 2007, WUGT and Hassayampa filed a Revised Response to Staff Report,
8 which withdrew the utilities' revised and further revised engineering memorandums.

9 On December 10, 2007, Staff filed a Supplemental Staff Report as required by Procedural
10 Order dated November 14, 2007.

11 On December 17, 2007, a full public hearing was held before a duly authorized
12 Administrative Law Judge of the Commission at its offices in Phoenix, Arizona. Applicants,
13 intervenor Belmont and Staff appeared through counsel and presented evidence and testimony.
14 Several members of the public appeared and gave public comment on the applications. At the
15 conclusion of the hearing, the parties were directed to file Late-Filed Exhibits related to the testimony
16 and evidence presented at the hearing.

17 On December 26, 2007, WUGT and Hassayampa filed ADEQ documentation certifying the
18 Clean Water Act 208 Water Quality Management Plan Amendment for the service area is consistent
19 with both the requirements set by the State of Arizona and Maricopa County.

20 On January 10, 2008, Staff filed a clarification regarding the Arizona Department of
21 Environmental Quality ("ADEQ") Approval to Construct process. Staff also provided a revised
22 engineering report.

23 After receipt of the Late-Filed Exhibits, the matter was taken under advisement pending
24 submission of a Recommended Opinion and Order to the Commission.

26 Having considered the entire record herein and being fully advised in the premises, the
27 Commission finds, concludes, and orders that:

28

FINDINGS OF FACT

1
2 1. WUGT and Hassayampa are Arizona Corporations in good standing with the
3 Commission's Corporation Division.

4 2. WUGT is authorized to provide water utility services near the Town of Tonopah and
5 currently serves approximately 350 customers.¹

6 3. WUGT's service area encompasses various locations between 331st Avenue and 555th
7 Avenue and between Elliot Road and Glendale Avenue.

8 4. WUGT is one of five utilities owned by West Maricopa Combine, Inc.²

9 5. Hassayampa's and WUGT's ultimate parent company is Global Water Resources,
10 LLC ("Global").³

11 6. Hassayampa is authorized to provide wastewater utility services within the
12 Hassayampa Ranch development in Maricopa County.

13 7. On September 18, 2006, Hassayampa filed an application with the Commission to
14 extend its wastewater CC&N to add approximately 24,350 acres to its existing 2,050 acres.

15 8. On September 29, 2006, WUGT filed an application with the Commission to extend
16 its water CC&N to add an additional 22,217 acres to its existing CC&N in Maricopa County.

17 9. On August 1, 2007, Belmont filed a Motion to Intervene, stating it owns 20,000 acres
18 in the proposed extension area for WUGT.

19 10. On August 22, 2007, by Procedural Order, the two dockets were consolidated and
20 Belmont's Motion to Intervene was granted.

21 11. WUGT and Hassayampa provided notice in accordance with the law.

22 12. WUGT has received requests for water service from each of the six land owners in its
23 proposed extension area. (Application, Pg. 2)

24 13. Hassayampa has received requests for wastewater service from each of the five land
25 owners in its proposed extension area. (Application, Pg. 2)

26 ¹ Recommended Opinion and Order Finding of Fact 3, Docket No. W-02450A-07-0290 (Decision No. pending).

27 ² West Maricopa Combine, Inc., also owns Valencia Water Company, Inc., Willow Valley Water Company, Water Utility
of Greater Buckeye, Inc., and Water Utility of Northern Scottsdale, Inc.

28 ³ Global Water Resources currently serves approximately 38,500 customers primarily in Pinal County and Western
Maricopa County. (Tr. Pg. 38, lines 16-23)

1 14. WUGT's requested extension area is located in the vicinity of 395th Avenue and
2 Camelback Road and is to be comprised of six developments known as Belmont, Copperleaf, Silver
3 Water Ranch, Silver Springs Ranch, the 339th Avenue Project and Desert Whisper. The proposed
4 extension area is more fully described in Exhibit A, attached hereto and incorporated herein by
5 reference. The extension area is expected to contain approximately 88,000 dwelling units, with a
6 projected total customer base of over 103,000 at build out.

7 15. WUGT's requested extension area is adjacent to or in the vicinity of WUGT's existing
8 service area and will add an additional 22,217 acres to the existing 39,000 acres located in WUGT's
9 current CC&N.

10 16. Hassayampa's application seeks to include in its CC&N, five of the developments in
11 WUGT's requested extension area, namely: Belmont, Copperleaf, Silver Spring Ranch, Silver Water
12 Ranch and 339th Avenue Project. Hassayampa's proposed extension area is more fully described in
13 Exhibit B, attached hereto and incorporated herein by reference. Hassayampa's requested area is
14 expected to contain approximately 96,300 dwelling units, with a projected total customer base of over
15 103,015 at build out.

16 17. Hassayampa's requested extension area is immediately adjacent to its existing CC&N
17 service area.

18 18. A few days before this matter was set for hearing, Hassayampa informed Staff that it
19 was changing its service plan for the requested extension area and would be filing a revised
20 engineering memorandum to replace its original September 5, 2006 engineering memorandum.

21 19. On November 5, 2007, Hassayampa filed a revised engineering memorandum and on
22 November 15, 2007, filed a correction to the revised engineering memorandum.

23 20. As a result of Hassayampa's revised engineering plan, a Procedural Order was issued
24 and Staff was directed to file a Supplemental Staff Report on or before December 10, 2007.

25 21. On November 27, 2007, Hassayampa and WUGT filed a revised response to the
26 Hassayampa Staff Report, stating that it was going back to its original engineering plan and that it
27 intended to seek approval for the Campus No. 1 Water Reclamation Facility ("WRF") as stated in its
28 original application. The Revised Response also withdrew Hassayampa's request to modify Staff's

1 conditions and said Hassayampa was in agreement with Staff's recommendations.

2 22. Subsequently, Staff filed its Supplemental Staff Report stating that if it had not filed
3 its Staff Report regarding the Hassayampa application, Staff would change its recommendation to an
4 Order Preliminary due to the "indecisiveness of Hassayampa's plans regarding which facilities would
5 come on line first." Staff's further stated that because Hassayampa was no longer objecting to any of
6 Staff's conditions, Staff was continuing to recommend approval of the application.

7 23. Staff recommends approval of WUGT's and Hassayampa's applications for an
8 extension of their respective CC&Ns to provide water and wastewater utility services, respectively, in
9 the proposed extension areas, subject to the following conditions:

10
11 1. That WUGT file with Docket Control, as a compliance item in this
12 docket, a copy of the Arizona Department of Water Resource's ("ADWR")
13 Designation of Assured Water Supply ("DAWS"), stating there is adequate
14 water for the area being requested, within two years of the effective date of a
15 Decision in this case.

16 2. That WUGT resolve the storage and production deficiencies in the
17 Dixie System before entering any new Main Extension Agreements ("MXAs")
18 or CC&N extensions involving the Dixie System.

19 3. That WUGT file within two years of the Decision in this matter, as a
20 compliance item in this docket, a copy of the Certificates of Approval of
21 Construction ("AOC") for its water source, treatment plant, storage tanks and
22 water distribution system for the proposed Phase 1 of the water system issued
23 by the Maricopa County of Environmental Services Department ("MCESD").

24 4. That Hassayampa charge its authorized rates and charges in the
25 extension area.

26 5. That Hassayampa file with Docket Control, as a compliance item in
27 this docket, a copy of the franchise agreement from Maricopa County for the
28 requested area, within 365 days of the Decision in this matter.

 6. That Hassayampa file with Docket Control, as a compliance item in
this docket, a copy of the Approval to Construct ("ATC") issued by MCESD
for Hassayampa Ranch Water Reclamation Facilities ("WRF") Campus No. 1,
needed to serve the initial phase of the development in the requested area by
July 31, 2008.

 7. That Hassayampa file with Docket Control, as a compliance item in
this docket, a copy of the ATC issued by MCESD for the sewer tie-in between
Hassayampa Ranch WRF Campus No. 1 and the initial phase of the
development in the requested extension area by April 30, 2009.

 8. That Hassayampa file with Docket Control, as a compliance item in
this docket, copies of the Aquifer Protection Permit ("APP") and Arizona
Pollutant Discharge Elimination System ("AZPDES") issued by ADEQ
for the Hassayampa Ranch WRF Campus No. 1, needed to serve the initial

phase of the development in the requested area by April 30, 2009.

9. That Hassayampa comply with all requirements and conditions set forth in Decision No. 68922 (August 29, 2006) and Procedural Order issued on June 18, 2007, in Docket No. SW-20422A-05-0659.

24. Staff further recommended that a Decision granting the requested CC&N extension areas to WUGT or Hassayampa be considered null and void, after due process, if WUGT or Hassayampa fails to meet the any of the above outlined timeframes.

25. At the hearing, Mr. Bill Rain, a principal with the Belmont development, presented public comment in this matter. He stated that Belmont purchased the land in 1999, which encompasses 20,000 acres in the extension area and plans are to break ground on the backbone infrastructure by early 2009 and begin building homes in 2010. He further stated that Angle Homes, which will encompass a third of the dwelling units in Belmont, expects to have homes for sale by fourth quarter 2010 or first quarter 2011. (Tr. Pg. 14, lines 1-16)

26. Mr. Rain stated that the Master Plan for the development has been approved by the County, the Corps of Engineer 404 Permit has been obtained and a Residential Unit Plan and Development has been submitted to the County for the first 1,600 acres. (Tr. Pg. 15, lines 1-13)

27. Mr. Rain stated that he has been a developer for 25 years and has been responsible for several master planned communities in Arizona including: the Islands, Lakewood, Garden Lakes, and Tatum Ranch. (Tr. Pg. 15, lines 18-25)

28. Mr. Jeff Dana also presented public comment on behalf of 339th and I-10 LLC (known as the 339th Avenue Project), which will encompass 621 acres in the proposed extension area. He stated that Maricopa County has approved the Master Plan for the project and the preliminary plats for 1,200 lots have been submitted for the development. (Tr. Pg. 16, lines 16-25)

29. Mr. Dana stated that the 339th Avenue Project will be a combination of residential and industrial use. (Tr. Pg. 17, lines 1-25)

30. Mr. Richard Jellies presented public comment on behalf of the Copperleaf and Vaquero developments and eight acres that he owns at 411th and Camelback. He stated that Copperleaf has 1,200 acres, and Vaquero has 1,400 acres in the proposed extension area. (Tr. Pg. 19, lines 15-19)

1 31. Mr. Jellies stated he anticipates it will be 2010 before they break ground on the
2 Copperleaf project and the project will be a mixed-use project of industrial, commercial and
3 residential. (Tr. Pg. 20, lines 20 -15 and pg. 21, lines 1-8)

4 32. Chief Financial Officer and Senior Vice President of Growth Services for Global
5 Water Management, Ms. Cindy Liles testified that she had recently been in contact with the owners
6 of Silver Water Ranch and Silver Springs Ranch and the owners have obtained the development
7 Master Plan from Maricopa County for the projects and are finalizing the zoning for their areas. (Tr.
8 Pg. 24, lines 14-25)

9 33. Ms. Liles further testified that the owners of the Desert Whisper project will enter into
10 a line extension with WUGT and discussions are underway for a wastewater line extension with
11 Balterra Sewer. (Tr. Pg. 32, lines 1-25)

12 34. Ms. Liles testified that the on-site facilities in the extension areas will be financed
13 through line extension agreements with the developers and advances in aid of construction ("AIAC").
14 She further stated that off-site facilities will primarily be financed with equity. (Tr. Pg. 28, lines 7-24)

15 WUGT Water System

16 35. WUGT operates eight individual water systems, which include: B&D/Buckeye Ranch;
17 Dixie; Garden City/Big Horn; Rose View; Sunshine; West Phoenix Estates #6; Tuft & West
18 Phoenix Estates #7; and West Phoenix Estates #1.

19 36. Staff analyzed WUGT's water systems and summarized the information in the
20 following chart:⁴

21 System Name	B&D/Buckeye Ranch	Dixie	Sunshine	WPE #6	Rose View	Garden City/Big Horn	Tufts WPE #7	WPE #1
22 PWS ID#	07-618	07-030	07-071	07-0733	07-082	07-037	07-0617	N/A ⁵
# of wells	2	1	1	1	1	1	1	1
23 Total production (gallons per minute "GPM")	145	40	130	20	30	30	20	20
24 # of storage tanks	2	1	1	1	1	2	1	1

27 ⁴ The information in the chart shows updated information on WUGT's water systems and was filed in the Staff Report in
28 Docket No. W-02450A-07-0290.

⁵ Water systems that serve fewer than 15 connections are not regulated by MCESD/ADEQ.

1	Total storage capacity (gallons)	155,000	10,000	100,000	7,500	10,000	45,000	5,000	5,000

3	Does system provide fire flow?	Yes	No	Yes	No	No	Yes	No	No
4	Is storage capacity adequate?	Yes	Yes ⁶	Yes	Yes	Yes	Yes	Yes	Yes
5	Is production capacity adequate? MCESD	Yes	Yes	Yes	Yes	Yes	Yes	Yes	Yes
6	Compliance Status Date	Complaint 2/21/07	Compliant 3/21/07	Compliant 3/28/07	Compliant 3/20/07	Compliant 3/21/07	Compliant 4/11/97	N/A ⁵	N/A ⁵
7	Arsenic Levels (parts per billion "ppb") ⁶	17	8.5	13	12	24	3.8	26	18

14 37. Based on the information listed above, and the Water Use Data submitted, Staff
15 concluded that all eight WUGT existing water systems have adequate production and storage
16 capacities to serve its existing customer base and limited growth. Therefore, Staff's recommendation
17 that WUGT resolve its storage deficiencies in the Dixie System in compliance with Commission
18 Decision No. 68307 (November 14, 2005), should be deleted as WUGT has already satisfied that
19 requirement.

20 38. WUGT proposes to build the water plant facilities in the extension areas in phases
21 designed to meet the needs of the developments growth patterns, at an estimated total projected cost
22 of \$39.2 million.

23 39. WUGT proposes to fund the cost for the new water plant facility with a combination
24 of equity and AIAC.

25 40. Phase 1 of the development will occur in the Belmont and 339th Avenue Project
26 developments and WUGT intends to purchase and install wells with a total production capacity of 3.8

27 _____
28 ⁶See Docket No. W-02450A-07-0290, Recommended Opinion and Order Finding of Fact Nos. 25-27, which found that WUGT is in compliance with the new arsenic standard for all of its public water systems. (Decision No. pending)

1 million gallons per day (“MGD”), arsenic treatment facilities, a 2.5 MGD surface water treatment
2 plant, 5 million gallon storage facilities, booster stations and water lines.

3 41. WUGT anticipates that the initial water plant facilities will be operational by 2009 and
4 the first phase of the future 2.5 MGD surface treatment plant will be operational by 2012.

5 42. Staff concluded that the proposed water plant facilities’ planned production and
6 storage capacities appear to be appropriate and adequate to serve the requested extension area for the
7 first five years and the estimated costs of the plant to serve the extension area are reasonable.
8 However, Staff made no “used and useful” determination of the proposed plant-in-service and no
9 conclusion should be inferred for rate making or rate base purposes.

10 43. The MCESD has determined that all six of WUGT’s public systems are in compliance
11 and are currently delivering water that meets the water quality standards as required by the A.A.C.⁷

12 44. WUGT has not obtained the Certificates of Approval of Construction (“AOC”) for the
13 Phase 1 water plant facilities issued by MCESD or ADEQ. Staff initially recommended that WUGT
14 file a copy of the AOC issued by MCESD for Phase 1 water plant facilities needed in the requested
15 extension area.

16 45. In its Revised Response to the Staff Report, WUGT requested that Staff clarify its
17 condition related to the filing of the AOC for the Phase 1 water plant facilities stating that several
18 facilities were proposed for Phase 1. (Revised Response, pg. 8)

19 46. During the hearing, Staff orally modified and filed as a late-filed exhibit its modified
20 recommendation to require WUGT to file a copy of its AOC “for the initial water plant facilities,
21 including production, storage and water distribution system, needed to serve the initial phase of the
22 development in the requested area, within two years after the effective date of a decision in this case.”

23 47. WUGT also requested that Staff’s condition regarding the filing of the AOC within
24 two years of a decision in this matter be extended to three years.

25 48. On January 23, 2006, the U.S. Environmental Protection Agency (“EPA”) reduced the
26 arsenic maximum containment level (“MCL”) from 50 parts per billion (“ppb”) to 10 ppb.

27
28 ⁷ Two of WUGT’s water systems have fewer than 15 customers and they are not regulated by the MCESD.

1 49. In Docket No. W-02450A-07-0290, Staff concluded that all of WUGT's public
2 systems are all in compliance with the new arsenic MCL.

3 50. The ADWR has determined that WUGT is located in the Phoenix Active Management
4 Area ("AMA") and WUGT is in compliance with the Phoenix AMA reporting and conservation
5 requirements.

6 51. WUGT has not obtained a Designation of Assured Water Supply showing there is an
7 adequate water supply for the requested extension area.

8 52. In its Revised Response to the Staff Report, WUGT requested that Staff modify its
9 recommendation to allow WUGT to file either a DAWS or Certificate of Assured Water Supply
10 ("CAWS") for the proposed extension area.

11 53. At the hearing, Staff orally modified its recommendation to require WUGT to file
12 either a DAWS or CAWS within two years of a decision in this matter showing there is an adequate
13 water supply for the proposed extension area.

14 54. WUGT has a Franchise Agreement from Maricopa County for the requested extension
15 area.

16 55. The Utilities Division Compliance Section show no delinquent compliance items for
17 WUGT.

18 56. WUGT has an approved curtailment tariff.

19 **Hassayampa Wastewater System**

20 57. Hassayampa proposes to construct five WRF over a 20-year planning period and an
21 additional WRF for Hassayampa Ranch, (Campus No. 1).

22 58. The total projected wastewater treatment capacity is 19.26 MGD, for a total projected
23 cost of \$245 million at build out.

24 59. The proposed WRFs will use a Sequencing Batch Reactor technology combined with
25 filtration and disinfection.

26 60. Hassayampa proposes to construct the WRFs in phases designed to meet the needs of
27 the development growth patterns. Hassayampa estimates it will add 200 dwelling units per month
28 during the first two years of operation and 300 dwelling units per month in the next three years in the

1 extension area.

2 61. Hassayampa anticipates that the Campus No. 1 facility will be operational by April
3 2009, and expanded as necessary to accept 0.45 MGD flows from the initial phase of the
4 development as well as from Hassayampa Ranch.

5 62. In the first five years, Hassayampa expects to construct two 1.0 MGD WRFs (Campus
6 No. 2 and No. 3) in addition to the Hassayampa Ranch 1.0 MGD WRF (Campus No. 1), which will
7 produce a total wastewater treatment capacity of 3 MGD.

8 63. The effluent (reclaimed water) generated in the extension area will be primarily used
9 for irrigating common areas and any excess reclaimed water will be recharged or as a last resort,
10 discharged into washes. However, Global testified that once the first treatment plant is built, Global
11 plans to treat the reclaimed water to class A-plus standards. (Tr. Pg. 73, lines 11-25)

12 64. President and Chief Executive Officer for Global Water Management, Mr. Trevor
13 Hill, testified that each subdivision in the extension area will be plumbed with both purple pipe (for
14 reclaimed water) and pipes for potable water. Mr. Hill explained that eventually the system will be
15 sealed and the lines pressurized so that the reclaimed water can be used in homes for purposes such
16 as irrigation and toilet flushing. (Tr. Pg. 79, lines 1-25)

17 65. Mr. Graham Symmonds, senior vice president of regulatory affairs and compliance
18 and chief technical officer for Global Water Management, testified that Hassayampa will need
19 approval from ADEQ and the County to install the purple pipe in the proposed extension area. He
20 stated that the County and ADEQ want to ensure that there is no potential cross-connection control
21 issue, there is no back-flow issue and that the water remains at a sufficient quality so that it doesn't
22 impact human health. (Tr. Pg. 145, lines 1-24)

23 66. Although Staff did not recommend that Hassayampa file evidence of ADEQ and
24 County approval for the installation of purple pipe, we believe it is in the public interest to do so.

25 67. Staff reviewed the proposed wastewater infrastructure and projected cost for the
26 WRFs for the first five years and concluded that the plant facilities and estimated cost of \$62.3
27 million to be reasonable. However, Staff made no "used and useful" determination of the proposed
28 plant-in-service and no conclusions should be inferred for rate making or rate base purposes.

1 68. Hassayampa proposes to pay for the proposed WRF infrastructure with equity and
2 AIAC.

3 69. Hassayampa has not obtained the Certificate of Approval to Construct ("ATC") for the
4 proposed wastewater plant facilities from MCESD.

5 70. Mr. Symmonds, testified that the ATC had not been applied for because the 208
6 process had not been finalized with the EPA. (Tr. Pg. 142, lines 18-25)

7 71. Hassayampa has not obtained the APP and AZPDES permit for the proposed
8 wastewater plant facilities from ADEQ.

9 72. There is no compliance information for Hassayampa's proposed wastewater
10 infrastructure as it is not yet operational.

11 73. Hassayampa will charge its existing rates and charges in the proposed area.

12 74. Hassayampa has a Franchise Agreement from Maricopa County for the requested
13 extension area.

14 75. Part of Hassayampa's requested extension area includes approximately 65 acres of
15 land owned by the Arizona State Trust Land Department. On September 11, 2007, the Arizona State
16 Land Department provided a letter stating that it "believes that it is in the best interest of the State
17 Trust that its lands be included within Hassayampa's 208 Amendment."

18 76. Staff recommended that any approval in this docket be conditional on Hassayampa
19 meeting all of the requirements and conditions set forth in Decision No. 68922 (August 29, 2006) and
20 Procedural Order issued on June 18, 2007, in Docket No. SW-20422A-05-0659.

21 77. Commission Decision No. 68922 granted Hassayampa a new wastewater CC&N to
22 provide service to the Hassayampa Ranch development. As a condition of the CC&N approval,
23 Hassayampa was to file an approved Maricopa Association of Governments ("MAG") 208 Water
24 Quality Management Plan showing the Hassayampa Ranch WRF (Campus No. 1) as the treatment
25 facility for the development.

26 78. Hassayampa filed its application for a MAG 208 plan amendment in June of 2005.

27 79. The Town of Buckeye ("Town") objected to Hassayampa's proposed MAG 208
28 Amendment stating that the development in the extension area could result in recharge of reclaimed

1 water in a manner that may not properly sustain the viability of the Lower Hassayampa Sub-Basin
 2 (“Sub-Basin”). The Town believes that a regional approach to proper management of the Sub-Basin
 3 would achieve sustainability of the Sub-Basin and support planned development in the region.⁸

4 80. Subsequently, the Town and Global agreed to a joint effort with developers in the
 5 Town’s municipal plan area (“MPA”) and with developers outside the Town’s MPA, to retain an
 6 engineering consultant, Brown and Caldwell, to conduct a hydrologic study of the Sub-Basin. The
 7 results of that study, which were submitted to the ADWR in November 2006, indicated that planned
 8 development within the Town’s MPA can be sustained through proper management of the Sub-Basin,
 9 which includes recharge of reclaimed water used in strategic areas of the Sub-Basin.⁹

10 81. Mr. Michael J. Pearce, former chief counsel for the ADWR testified at the hearing on
 11 behalf of Global. He stated that the extension area is located within the Phoenix AMA, which is
 12 entirely within the Hassayampa sub-basin. (Tr. Pg. 88, lines 1-9) He further stated that the AMAs are
 13 groundwater basins that been designated by statute and the State more heavily regulates the use of the
 14 groundwater in those basins to try to limit overdraft, and in some cases try to limit it entirely to a
 15 conditional safe yield by the year 2025. (Tr. Pg. 87-88)

16 82. Mr. Hill testified that the hydrologic study looked at every development scenario for
 17 the entire region at build out and represented 1,000 square miles. He further stated the model looked
 18 at all scenarios of water use from no reuse or recharge to maximum water reuse and recharge for the
 19 region. (Tr. Pg. 55, lines 6-22)

20 83. On October 2, 2007, Global entered into an initial Memorandum of Understanding
 21 (“MOU”) with the Town to share the use of the Sub-Basin. Subsequently, on October 22, 2007
 22 Global and the Town entered into an Agreement that binds the parties to exercise their best
 23 reasonable management practices to:

- 24 a. manage the water resources in the Sub-Basin;
- 25 b. encourage positive aquifer impacts;
- 26 c. minimize and/or mitigate negative hydrologic interference;
- 27 d. maximize recharge and reuse of reclaimed water;
- 28 e. reduce or eliminate discharge of reclaimed water; and
- f. promote local replenishment to offset depletion.

⁸ Global and Town of Buckeye’s Memorandum of Understanding dated October 2, 2007.

⁹ Ibid.

1 84. As a result of the Agreement, the Town agreed not to oppose Hassayampa's proposed
2 MAG 208 Amendment.¹⁰

3 85. Mr. Hill testified that because of the Agreement with the Town, Global's relationship
4 with the Town has gone from neutral to "very positive" overnight and that they now meet regularly to
5 jointly manage the water in the Sub-Basin for future customers. (Tr. Pg. 54, lines 16-25)

6 86. During the hearing, Hassayampa presented evidence showing that Hassayampa's
7 application for its 208 Amendment to include the proposed extension area had been approved by
8 MAG on October 24, 2007. According to Mr. Hill, the next step in the 208 process is to get approval
9 from ADEQ. Mr. Hill testified that he had been verbally told ADEQ had approved the 208
10 Amendment, but was awaiting the signature of the director of ADEQ. (Tr. Pg. 56, lines 9-25)

11 87. On December 26, 2007, Hassayampa filed a Notice of Compliance with Decision No.
12 68922 (in Docket No. SW-20422A-05-0659), which showed it had received approval for the 208
13 Amendment for both the Hassayampa Northeast Service Area, which includes Hassayampa Ranch
14 WRF for Campus No. 1, as well as the 208 Plan Amendment for the Southwest Service Area issued
15 by ADEQ. Therefore, we find that Hassayampa has satisfied Staff's recommendation that it comply
16 with Commission Decision No. 68922 (August 29, 2006) regarding the filing of the 208 Amendment
17 for the extension area.

18 88. Mr. Hill also presented commentary on the Recycled Water "White Paper" developed
19 by Global to address water reclamation reuse and water resource conservation. He stated that the
20 White Paper pulls together ten national and international case studies on successful ways to manage
21 water scarcity in growing areas. (Tr. Pg. 57, lines 1-25)

22 89. Mr. Hill also testified that there is one golf course planned within the Belmont
23 development and that he was not aware of any proposed lakes or ornamental features in the proposed
24 extension area. (Tr. Pg. 74, lines 14-24)

25 90. Staff's recommendations, as modified herein, are reasonable and should be adopted.

26 91. Because an allowance for property tax expense is included in WUGT and
27

28 ¹⁰ Agreement Regarding the Water Resources Management of the Lower Hassayampa Sub-Basin dated October 22, 2007.

1 Hassayampa's rates and will be collected from its customers, the Commission seeks assurances from
2 WUGT and Hassayampa that any taxes collected from ratepayers have been remitted to the
3 appropriate taxing authority. It has come to the Commission's attention that a number of water and
4 wastewater companies have been unwilling or unable to fulfill their obligation to pay the taxes that
5 were collected from ratepayers, some for as many as twenty years. It is reasonable, therefore, that as
6 a preventive measure WUGT and Hassayampa shall annually file, as part of their annual reports, an
7 affidavit with the Utilities Division attesting that the Companies are current in paying their property
8 taxes in Arizona.

9 CONCLUSIONS OF LAW

10 1. Water Utility of Greater Tonopah and Hassayampa Utility Company are public service
11 corporations within the meaning of Article XV of the Arizona Constitution and A.R.S. §§ 40-281, 40-
12 282 and 40-285.

13 2. The Commission has jurisdiction over Water Utility of Greater Tonopah and
14 Hassayampa Utility Company and the subject matter of the applications.

15 3. Notice of the applications was provided in accordance with the law.

16 4. There is a public need and necessity for water and wastewater service in the proposed
17 service territories as set forth in Exhibit A and Exhibit B, attached hereto and incorporated herein by
18 reference.

19 5. Subject to compliance with the above stated conditions, Water Utility of Greater
20 Tonopah and Hassayampa Utility Company are fit and proper entities to receive an extension of their
21 respective water and wastewater Certificates.

22 6. Staff's recommendations as modified herein, are reasonable and should be adopted.

23 ORDER

24 IT IS THEREFORE ORDERED that the applications of Water Utility of Greater Tonopah,
25 Inc., and Hassayampa Utility Company, Inc., to extend their Certificates of Convenience and
26 Necessity to provide water and wastewater services in Maricopa County, as described in Exhibit A
27 and B, attached hereto and incorporated herein by reference is hereby approved subject to the
28 conditions and requirements recommended by Staff and in the following Ordering paragraphs.

1 IT IS FURTHER ORDERED that Water Utility of Greater Tonopah, Inc., shall file with
2 Docket Control, as a compliance item in this docket, a copy of the Arizona Department of Water
3 Resource's Designation of Assured Water Supply stating there is adequate water supply for the
4 extension area described in Exhibit A or a Certificate of Assured Water Supply for the first
5 subdivision, within two years of the effective date of this Decision.

6 IT IS FURTHER ORDERED that Water Utility of Greater Tonopah, Inc., shall file with
7 Docket Control, as a compliance item in this docket, a copy of the Certificate of Approval of
8 Construction issued by the Maricopa County Environmental Services Department for the initial water
9 plant facilities, including production, storage and water distribution system, needed to serve the initial
10 phase of the development in the extension area, within two years of the effective date of this
11 Decision.

12 IT IS FURTHER ORDERED that Hassayampa Utility Company, Inc., shall file with Docket
13 Control, as a compliance item in this docket, a copy of the Approval to Construct issued by the
14 Maricopa County Environmental Services Department for the Hassayampa Ranch Water
15 Reclamation Facility Campus No. 1, needed to serve the initial phase of the development in the
16 requested area by July 31, 2008.

17 IT IS FURTHER ORDERED that Hassayampa Utility Company, Inc., shall file with Docket
18 Control, as a compliance item in this docket, a copy of the Approval to Construct issued by the
19 Maricopa County of Environmental Services Department, for the sewer tie-in between Hassayampa
20 Ranch Water Reclamation Facility Campus No. 1, and the initial phase of the development in the
21 extension area by April 30, 2009.

22 IT IS FURTHER ORDERED that Hassayampa Utility Company, Inc., shall file with Docket
23 Control, as a compliance item in this docket, copies of the Aquifer Protection Permit and Arizona
24 Pollutant Discharge Elimination System for the Hassayampa Ranch Water Reclamation Facility
25 Campus No. 1, needed to serve the initial phase of the development in the extension area by April 30,
26 2009.

27 IT IS FURTHER ORDERED that if either Water Utility of Greater Tonopah, Inc., or
28 Hassayampa Utility Company, Inc., fails to comply with any of the timeframes outlined above the

1 Certificate of Convenience and Necessity conditionally granted herein shall become null and void,
2 after due process.

3 IT IS FURTHER ORDERED that Water Utility of Greater Tonopah, Inc., and Hassayampa
4 Utility Company, Inc., shall charge its authorized rates and charges on file with the Commission in
5 the proposed extension areas, until further Order of the Commission.

6 IT IS FURTHER ORDERED that Hassayampa Utility Company, Inc., shall file with Docket
7 Control, a copy of the approval issued by the Arizona Department of Environmental Quality and
8 Maricopa County for the installation of purple pipe for the initial phase of the development in the
9 extension area, within two years of the effective date of this Decision.

10 IT IS FURTHER ORDERED that Water Utility of Greater Tonopah, Inc., and Hassayampa
11 Utility Company, Inc., shall annually file as part of their annual reports, an affidavit with the Utilities
12 Division attesting that they are current on their property taxes in Arizona.

13 IT IS FURTHER ORDERED that this Decision shall become effective immediately.

14 BY ORDER OF THE ARIZONA CORPORATION COMMISSION.
