I do not wish my property to be included in the applicants' service area. I request my property to be excluded. There currently is a water company servicing the area and I see no need for an additional water company that would sink a well and have a water storage tank that could have the potential to lower the water table level. Here in Cochise County water shortage is an issue and the City of Sierra Vista constantly stresses proper water usage. I have my own water well and I feel having another water company may lower my water table.

Sincerely,
Lee R. Gray
