PIPELINE SAFETY
ARIZONA CORPORATION COMMISSION

DOCKETED BY *MM*

Dear Mr. Raber:

The purpose of this letter is to inform you that Pinal County (the "County"), the Cities of Maricopa, Casa Grande, and Eloy (the "Cities"), and Union Pacific Railroad Company have entered into an Agreement for the Construction and Funding of Grade Separations (the "Grade Separation Agreement"), which has now been signed by all parties. Pinal County initially sought help from the Corporation Commission in connection with Union Pacific's Double-Track Project. It is the understanding of the County that the Commission thereafter asked Union Pacific to take into consideration the interests of the County and the Cities and to work with them to arrive at a mutually beneficial solution to certain concerns, including the possibility that the grade of the roadways at some of the affected crossings might need to be separated by an overpass or underpass from the grade of the railroad tracks. Following up on that suggestion, Union Pacific came to the County and the Cities and entered into the Grade Separation Agreement that was the eventual result of those discussions. The County is satisfied that this Agreement serves the best interests of its citizens regarding the selection and funding of grade separations. The County is appreciative of the Commission's role in bringing about that result.

The County further expresses, by this letter, its general support for Union Pacific's project to construct a second mainline railroad track through Pinal County and the State of Arizona, known as "Union Pacific's Double-Track Project." As part of its general support for Union Pacific's Project, the County requests the Arizona Corporation Commission to approve each application filed by Union Pacific for authority to install a second mainline railroad track at grade at all of the crossings listed on Exhibit A.

Sincerely,

David Snider
David Snider
Chairman,
Pinal County Board of Supervisors
