Dear members

DON'T DON'T GIVE TEP A RATE INCREASE AT LEAST UNTILA LATER DATE FOR A SETTLEMENT AGREEMENT FOR A POSSIBLE RATE INCREASE, OR THE XXXXX PERCENTAGE PROPOSED. PENDING A STUDY OF TUCSON ELECTRIC AGAIN BECOMING A SUPPLIER & SERVICER OF GAS SERVICE TO RESIDENCES, CORPORATIONS, BUSINESSES, AND GOVERNMENT BLDGS.

Take Southwest Gas, headquarter in Las Vegas out, in some way(s) even if that requires a lawsuit by TEP to seek a permanent injunction against SW Gas.

Other Further Legal Action may require A lawsuit or executive order by the Corporation Commission to render SW operation in the Tucson and Pima County area moot pending a transition period.

Historically, TEP has " it over" SW GAS. More years of combined Tucson Gas & Electric Power. How many years? Forever on going hopefully.

If I myself recall correctly, having arrived in here in the late 50's Tucson Gas & Electric was figrg. With hard working people.

They SW gas is rolling in dough so to speak. Lets get XXXXX RELIEF DURING the settlement!

---

The strip in Las Vegas is astounding. In December 2007 a huge new casino hotel was under construction. The cosmopolitan to compliment existing numerous fantastic casino/hotels. Perhaps more eh, casinos may be built. They are bringing in additional revenue.

With gas servicing coming back to the Tucson company/operation more revenue would be gained by the company. XXXXXX possibly Negative nggd for a rate increase or having an increase in a less percentage.

Thank you for your patience commissioners, to wait before giving TEP a rate increase, pending the Tucson company again providing gas service along with the current electric service. Time frame -- possibly in 2009. Hopefully good luck & perserverance. Delay the settlement agreement. More big bucks will be coming in for the company, pending the acquisition of gas servicing.
