Ref: APS Line Sitting Docket No. L-00000D-08-0330-00138

Power Line Sitting Committee:

I am writing to express our organization's opposition to the proposed APS alternative Route 3 which is located near SR 74. Our organization owns 190 acres near Lake Pleasant and one of the attributes that lead us to our location was the pristine nature of the surroundings. We believe that this proposed Route 3 would have a negative impact on the Highway 74 corridor as well as the surrounding areas. As the City of Peoria and Maricopa County gave a designation of Scenic Corridor along Highway 74 it indicates that this area should remain unaffected by power lines. We ask that that the board approve a route that doesn't directly impact a designated Scenic Corridor. We appreciate your willingness to consider all the issues.

Sincerely,

Anthony Naimo
