METHOD OF CUSTOMER NOTIFICATION

Dateland Public Service Company, Inc. notified it's customers of the application for the Rate Increase on June 19, 2008 via US mail service. The customers were provided with a notarized letter from the Board of Directors, dated 06/16/ 2008, stating the need for the rate increase. This notarized letter was written in both English and Spanish. Customers were notified that the last rate increase was 14 years ago and that this increase is needed in order for the funding of our grant. The customers were provided with our new proposed tier system and service fees, which we felt clearly provided our customers with the information needed to budget for water usage.
