 14 As Manager of ICR Water Users Association, I have received the attached
 15 petitions on behalf of the Company. The petitions (52 pages in all) include 206 signatures
 16 of member/customers of ICR Water Users Association in support of actions by the Board
 17 of Directors in matters pertaining to this case. I have verified that the 206 names and
 18 addresses of those signing the petitions are presently member/customers of ICR Water
 19 Users Association. There are actually 209 signatures on the petitions, two of which are
 20 not verifiable as ICRWUA member/customers and one is a duplicate signature. The 206
 21 signatures include my signature and my spouse's, along with three board member
 22 signatures. It is my understanding that the entire 430+ member/customer base of ICR
 23 Water Users Association was not canvassed to obtain the attached signatures.

24 These petitions demonstrate that there is considerable support FOR the actions
 25 taken by the Board of Directors in this case.
