Docket numbers: E-0345-A-07-0663 and T-01846B-07-0663

My name is Dowell A. Kubicka I own two lots at Hillcrest Bay in Parker Az.

Parcel number 310-32-076 and 310-32-077.

We have been coming to Hillcrest Bay since 1977 and own two lots 76 77, when we bought the property it was known that the electricity was proposed to go under ground but because a few people wanted power it was put in over-head.

I have looked at wires for thirty years and believe APS wants the homeowners to pay for a project that should have been done right to begin with.

With the economy the way it is I cant believe that spending ten or twenty thousand plus per lot will make my or any lot worth more money.

I voted NO on this project it's a waste of money.
