I'm writing to you to express my strongly opposed vote against the Underground Utilities Project that has been brought before us here at Hillcrest Bay. My wife and I have been full time residents since 1996 and have been very happy here, then changes took place. We now have to put up with and listen to these week-end residents who have come and bought up the vacant lots WITH PHONE-LINES OVERHEAD, built nice places but now are ranting that these phone lines look so bad and need to be removed and we should have this underground utilities!. I feel if they are so unhappy with way it looks why did they ever buy here in the first place, let them move elsewhere and leave us go back to our happy and humble life enjoying all the beauty we have right here as it is. We are on a fixed income and do not want to be forced to have to pay a lot of money in order to fix something that isn't a problem.

Thank you for your time.

George Radvansky Jr.
