Importance: High

Re: Docket W-01865A-07-0385; W-01865A-07-0384

Our Groom Creek water distribution system needs your support. Again we are faced with major repair fees that will eventually bankrupt our small association.

We strongly encourage you to move forward with the rate change in order that we can move forward with building an appropriate financial reserve and eventually replace the failing infrastructure. We understand that this means an increase in rates and support this as prudent and appropriate under the circumstances.

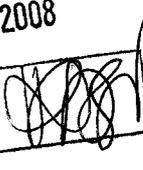

Please move forward approval for the Groom Creek Water Users Association request for a rate change as soon as possible.  
Thank you for your support.

Respectfully,

**Subject:** Docket#w-01865A-07-0385 Groom Creek Water Upgrade

Dear Commissioners,

I am writing you today to let you know as a GCWUA board member, 15+ year member of the community, and property owner that I am in support of the proposed increase in BASE RATE to enable us to upgrade our failing water system. I have lived in 4 different houses in Groom Creek over the past 15+ years and have seen the system failing as time progresses. I know that in this current financial downturn this is not a good time to do this, BUT without water who wants to live there. Our house will be worth nothing causing us further fiscal harm. I ask you to support this proposal and allow us to upgrade our system, and allow "Groom Creek" to stay the wonderful place to live that it is.

Thank your for consideration in this very important matter,

*Todd C. Starr*

Groom Creek Water Delivery System Upgrade Project

Dear Commissioner Mayes:

As a member of the Groom Creek Water Users Association I am in favor of the project and have no objection to the new base rate of \$50 per month. I understand that this rate is necessary in order to secure the funding to install a new system.

Thank you for your support.
