RE: Notice of Violation, Case ID # 99135

Dear Ms. Berry:

On October 8, 2008, Arizona Department of Environmental Quality (ADEQ) issued Johnson Utilities, L.L.C. (JU) a Notice of Violation (NOV), Case ID #99135. The NOV was issued for failure to provide a certified operator of the proper type and grade to operate a water distribution system per A.A.C. R18-4-114. Previously, ADEQ issued a Notice of Opportunity to Correct (NOC), Case ID #87250, on October 15, 2007, that requested verification of employment of a certified Grade 3 Water Distribution and Water Treatment Operator.

JUC informed ADEQ on November 5, 2007, that a Mr. Darryl Keane was the on-site operator who is a certified Grade 2 Water Distribution and Grade 4 Water Treatment Operator.

On January 1, 2008, JUC contracted with Mr. James Wright, Statewide Disinfection Service, Inc., to perform the duties of the on-site operator. Mr. Wright is a certified Grade 4 Water Distribution and Water Treatment Operator. A copy of his certifications is attached. In addition, JU hired Mr. Greg Brown as a consultant effective January 1, 2008. On August 4, 2008, JU employed Mr. Brown as the fulltime on-site operator. A copy of Mr. Brown's certifications as a Grade 4 Water Distribution and Water Treatment Operator is attached.

In accordance with the NOV, this letter provides the requested documentation verifying that JUC has employed an on-site operator with Grade 4 Water Distribution and Water Treatment Operator certifications.

If you have any questions or comments, please contact me at (480) 998-3300.

Sincerely,

Brian Tompsett
Executive Vice President
