Re: Decision No. 69680, Docket No. L-00000C-95-0084-00000
Notice of sign posting – Phase II to the Cyprus Sierrita Substation

Docket Control:

Pursuant to Decision No. 69680 Tucson Electric Power Company (“TEP”) is required to report on sign replacement annually for signs posted, (i) along the public right-of-way providing public notice that the property is the site of a future 138 kV transmission line of the Phase Two corridor; and (ii) signs posted at the site of the future substation. TEP filed photographs of these signs on October 27, 2007 showing that notice was given by TEP through the posting of signs and that TEP had complied with the ordering paragraphs set forth in Decision No. 69680.

Enclosed are updated photographs of the signs posted along the right-of-way as well as at the future site of the Canoa Ranch Substation. There were two signs that were discovered to be missing and TEP is the process of replacing them. Also enclosed is an additional copy of the filing that the Company requests be date-stamped and returned in the self-addressed, stamped envelope.

If you have any questions regarding the report, please do not hesitate to contact me at (520) 884-3680.

Sincerely,

Jessica Bryne
