Nature of Complaint:

The continued increases in utilities are making it very difficult if not impossible stay in business in a smaller town like Willcox. I know of a couple businesses that are trying to sell and another that is closing due to outrageous utility costs. We don't have the volume of customers in a small town to warrant these costs. So we close and move to a bigger city and the small town stays small. Arizona will pay dearly for this action in the future. We have already seen what greed has done to the country as a whole. We can't stop you but we can leave. All you have to do is ask us. Thanks for the opportunity to comment. Tom
