This letter is written on behalf of the Groom Creek Water Users Association request that Yavapai County confirm that paving projects in the Association's pipeline replacement project area will not commence until completion of the project.

When the Groom Creek Water Users Association made the County aware of the need to coordinate paving with the planned pipeline replacements the paving schedule was amended at that time.

The County can and is willing to work with the Groom Creek Water Users Association, in that the paving schedule is such, that it can be readily amended to allow for completion of the project.

If you should require any additional information, please feel free to contact me.

Sincerely,

[Signature]

Thomas Thurman, District 2 Supervisor
