CERTIFICATE of ENVIROMENTAL COMPATIBILTY

Condition to be considered in regards to the proposed expansion of the San Tan power plant submitted by intervenor Saretta Parrault

- 1) In support of condition filed by the interveners concerning the proposed expansion and public nuisance issue, I submit two pictures of a similar and not exact visual of the propose SRP San Tan power plant. In my opinion, I feel that these photos support my concern that the impact upon the neighborhood buffering the San Tan would be detrimental and in fact would be a public nuisance.
