**Re: Application for Certificate of Environmental Compatibility  
SRP Santan Expansion Project – Case No. 105  
Docket No. L-00000B-00-0105**

**Response to April 3 Requests by Intervenor Cathy Lopez**

Dear Ms. Farmer:

This law firm represent the applicant, Salt River Project (“SRP”) regarding the Santan Expansion Project application. This letter is to respond to the two requests made by intervenor Cathy Lopez in her April 3 letter to you.

Ms. Lopez makes two requests. The first is for an extension of time for filing briefs to April 9. SRP does not object to this request, provided that it applies to all parties. Oral arguments are not scheduled until April 18, thus this short extension will not prejudice the process.

SRP does object to the second request, a request for additional oral argument. SRP believes that the procedural order strikes an appropriate balance of time between SRP and the intervenors. With three opportunities for the COST group to make argument, there should be no problem in fully covering all points. The intervenors may not understand that this is not an opportunity to testify or present evidence, but is an oral argument supporting the arguments made in the briefs, based on the record before the Siting Committee.

Thank you for your consideration of this response.

Very truly yours,

JENNINGS, STROUSS & SALMON, P.L.C.
