AZ CORP COMMISSION DOCUMENT CONTROL 00000F-99-0641

attn: Exec Sec of Corporation Commission/AZ

Re overlay vs geography change: I would prefer the geography boundaries as the overlay is extremely confusing and we would need to get new cards, stationery, etc printed anyway. I cannot understand why the 'lost - unused' numbers cannot be retrieved. Is this a high-tech age or what? It seems you are trying to solve a 21st century problem with 18th century solutions. A lot of AZ citizens are frustrated and angry over this continuing situation.

Elaine Morrall
