RE: The 12/05/08 Commissioners' Special Open Meeting.

"Education is a wonderful thing", and some of the "Friday-the 5th" hearing details will be remembered. Prior-hearing thoughts repeatedly asked me why I wanted to attend? Would the hearing be quickly over because the projects to be heard were very worthy, or ...?

Early-on you were addressing problems, unknown to the general Arizona Public, requiring immediate actions and corrective resolutions. During the hours one should have been counting the number of hearing occasions you expressed "The Public" for all to understand the seriousnesses of the ACC integrity violations that have recently occurred. Thank you very much for your collective diligences!!

Will your extensive efforts be rewarded in the general Arizona media? The thought is unlikely as our media report much too little of the positives occurring in the State's offices. Although yawning midafternoon, this typist benefited by staying til hearing's end at approximately 6:12PM.

Thank you!!

Best regards,

Donald G. Begalke
