MAYES PROPOSED AMENDMENT # 4

ORIGINAL

DATE PREPARED: Dec. 10, 2008, 10 a.m.

COMPANY: Perkins Mountain Water Company AGENDA ITEM NO. U-23

DOCKET NO. SW-20379A-05-0489; W-20380A-05-0490

OPEN MEETING DATE: December 16-19, 2008

Page 24, line 2, INSERT New Finding of Fact:

“During the hearing, developer Jim Rhodes testified that he intends to construct a golf course as part of his planned housing development, despite concerns regarding water supplies in the area where his proposed developments would be constructed. Several Commissioners questioned Mr. Rhodes and his representatives regarding his plan to build a golf course, including whether he would consider postponing its construction until enough effluent was available to irrigate the entire golf course, thus eliminating the need to use groundwater for that purpose. Mr. Rhodes stated that he would not postpone the timing of the golf course. Additionally, when questioned regarding how many years the golf course would remain reliant on groundwater, the Company’s witness Mr. Jones stated that he expects full effluent use on the golf course to occur after five years, but could not say with certainty that this timetable would be met. We believe that in light of the ongoing need to conserve groundwater, Perkins Mountain Water Company should be prohibited from selling groundwater for the purpose of irrigating any future golf courses within the certificated area, or any ornamental lakes or water features located in the common areas of the proposed new developments within the certificated area.”

Page 27, line 2, INSERT NEW ORDERING PARAGRAPH:

“IT IS FURTHER ORDERED that in light of the ongoing need to conserve groundwater, Perkins Mountain Water Company is prohibited from selling groundwater for the purpose of irrigating any future golf courses within the certificated area, or any ornamental lakes or water features located in the common areas of the proposed new developments within the certificated area.”

Make all conforming changes as necessary.
