RE: FARMERS WATER COMPANY - APPLICATION FOR A RATE INCREASE, DOCKET NO. W-01654A-08-0502

**SECOND LETTER OF DEFICIENCY**

Dear Mr. Crockett:

In reference to your rate application received on September 29, 2008, this letter is to inform you that your application has not met the sufficiency requirements as outlined in Arizona Administrative Code R14-2-103.

Staff found your application insufficient and sent an insufficiency letter on October 29, 2008. The Company submitted information in response to that letter on November 12, 2008 and December 10, 2008. The information submitted did not satisfy all of the deficiencies. The continued deficiencies are listed on a separate attachment. The 30-day sufficiency determination period will begin anew when the Company corrects the deficiencies and Docket Control receives an original and 16 copies of the corrected pages.

You have 15 calendar days, or until December 26, 2008, to correct the deficiencies, or make other arrangements with Staff to remedy your rate application.

The staff person assigned to your application is Brendan C. Aladi. He can be reached at (602) 542-0785, or toll free at (800) 222-7000, if you have any questions or concerns.

Sincerely,

Elijah Abinah

The Company's supplemental response dated December 10, 2008 is insufficient for the following item:

1. Farmers Water Company updated its Water Use Data Sheets by month on December 10, 2008. The updated information for PWS number 10-048 shows gallons sold of 3,473,000 and the gallons pumped of 2,346,000 for December 2006. This is impossible. There are similar problems for PWS numbers 10-213, and 10-049. Please explain and verify the correctness of the submitted Water Use Data Sheets.
