DOCKET CONTROL

Why do you think it is ok for Algonquin/Gold Canyon Sewer Company to lie to you and steal from Arizona citizens?

They issued bonds under the parent company name and manipulated the law (and you) into showing "all equity" capital structure so as to over charge residents based on a fabricated balance sheet.

Please look at the fraud this company is committing and fullfill your duty as chairman.

Do you have an undeclared interest in Algonquin?
Why do you allow this theft to continue?
I don't understand.
