WHETSTONE WATER IMPROVEMENT DISTRICT

At this time Whetstone Water Improvement District (WWID) objects to the current expansion of northern sunrise's CCN. In particular to the request to being the exclusive water providers in the area north of Ivy Road and east of Sands Ranch Road. WWID currently serves 42 customers in WWID located on the west side of Highway 90. To better serve these current customers in the event that the line that runs under highway 90 breaks or fails, WWID has contemplated installing a 3<sup>rd</sup> well on the west side of Highway 90 to interconnect with our current 2 wells located on the east side of Highway 90. By making northern sunrise the exclusive water provider it limits WWID's availability of property to purchase and install this 3<sup>rd</sup> well and leaves no room for WWID to expand its own current district and justify the installation of a 3<sup>rd</sup> well.

Whetstone water would ask the Corporation Commission to hold off on granting any extension to the existing Northern Sunrise CCN until WWID can approach the current owners of the property in question (north of Ivy Road and east of Sands Ranch Road) to see if they would like to be annexed into the Whetstone Water Improvement District.

Dated this 26<sup>th</sup> day of December, 2008

Arnold Miller  
*Arnold L. Miller*  
Chairman Whetstone Water  
Improvement District
