Re: Docket No. T-20398A-08-0463 – withdrawal of request for extension of time, and voluntary cancellation of certificate for facilities-based local service

Dear Sir or Madam:

Navigator Telecommunications, LLC. ("Navigator") was granted a Certificate of Convenience and Necessity for authority to provide resold local exchange, facilities based local exchange and access telecommunications services in Arizona by the Commission in Docket No. T-20398A-06-0346, Decision No. 69884. To date, Navigator has not yet begun offering local exchange and access services in Arizona.

Navigator requested a change in the bond requirement and requested an extension of time to comply with the requirements of Decision 69884 in Docket No. T-20398A-06-0346. That request was filed in this Docket No. T-20398A-08-0463.

Upon advice by Commission Staff, Navigator hereby seeks to withdraw its request for an extension of time in this Docket No. T-20398A-08-0463, and is instead refiling that request for extension of time in Docket No. T-20398A-06-0346.

Navigator also requests a cancellation solely of that portion of its CCN for the provision of facilities-based local services granted in Decision 69884 in Docket No. T-20398A-06-0346. Navigator does not seek to cancel its CCN with regard to provision of resold local exchange and access telecommunications services as granted in that Decision. Because Navigator has not yet initiated the provisioning of local services in Arizona, there are no customers who would be affected by this cancellation. Navigator requests a cancellation of the authority to provide facilities-based service because it currently has no plans to deploy facilities in Arizona, but does intend to provide local services on a resold basis. Commensurate with this request, Navigator respectfully requests that the Commission also reconsider the amount of the bond/letter of credit requirement in light

of this cancellation as well as in consideration of the facts as stated in Navigator's initial filing and subsequent responses to Staff's data requests in this Docket.

An original and thirteen (13) copies of this request are enclosed. Please contact me directly should you require any additional information or have any questions or concerns. Thank you for your consideration of this matter.

Respectfully submitted,
