Ms. Deborah White,

The proximity of your December 18<sup>th</sup> meeting to the Christmas holidays and its mid-afternoon meeting time will make it difficult for many of the affected persons to attend. A representative of the Sonoita Hills residents will be available meet with you and to receive any information you have.

John Bodey

Sulphur Springs Valley Electric Cooperative, Inc.

A Touchstone Energy® Cooperative 

December 9, 2008

John and Marilyn Bodey  
PO Box 1249  
Sonoita Arizona 85637-1249

Mr. and Mrs. Bodey,

After months of planning, analysis, design consideration, cost estimation and community participation Sulphur Springs Valley Electric Cooperative has determined routing for the Sonoita Reliability Project 69kV sub-transmission line. The Sonoita/Elgin/Patagonia communities have been mailed a letter with a synopsis of the decision, which is known as 'Option 3'.

SSVEC understands this decision may be unfavorable to you and some of your neighbors in Sonoita Hills; however we are committed to lessening the impact of this line as much as possible on this community, and have additional mitigation measures which we would like to immediately present to the Sonoita Hills neighborhood as a group.

In an effort for the Sonoita Hills residents along Mustang Road and Broncho Trail to review SSVEC's proposal 'in the real world' and to participate with this offer, we would like to meet out on-site in order to visualize the route and the proposed modifications.

Please join us on Thursday, December 18<sup>th</sup>, 2008 at 3:00pm, we will gather at SSVEC's Buchanan property on the corner of Broncho Trail and Pony Trail in Sonoita Hills.

Sincerely,

A handwritten signature in black ink, appearing to read 'Deborah White', written over a circular stamp or seal.

Deborah White  
Right of Way Services Manager
